- Any other Concerns

Deficiencies Progress

- Work requests have been inputted into munis to complete rest of scraping and painting by GDOE F&M.
- Work request have been inputted into munis to repair roof leaks on 2nd floor.
- Work request have been inputted into munis to trench area around canopy to divert water away from building.

Progress on Goals

- Ideas for goals
 - Seek outside help to complete the scraping and painting of exterior building. Checking with any contacts in agencies and businesses that can help complete task.
 - October 8, was a clean up effort by Airforce Leadership Society (ALS). They did a campus wide trash pick up, painted the parking bumpers in the student/ faculty parking lot, and painted a large mural on the wall behind the statue..
 - Also that day another organization handed out Shoes to community members that were in need. Program was called "Soles for Souls"
 - Create a monthly or quarterly campus clean up reaching out to community organizations that can help our school. Keeping a log of organizations that will continue to support our school.

Next Steps

- Continue to reach out to community organizations to support our students and school.
