GOALS:	rigorous, meaningful and relevant curriculum through professional development and curriculum development opportunities for teachers and college and career readiness activities and supports for students. The goal gives students the chance to explore, identify, and build their competencies for a successful transition to college or the workplace.							
LIST THE PROJECT OBJECTIVES:1: Teachers, who participate in the professional development, will accrue the knowledge and skills to implement high-quality, relevant CTE, AP, and STEAM curricula to meet the needs of all Guam students.• YEAR 2: 86% of those who completed the self-reflection survey will report being more knowledgeable and increased use of the teaching strategies as a result of the CTE, AP and STEAM professional development training.2: Students, who are exposed to the modified teaching and curricula, will demonstrate increased academic achievement in the form of improved course grades, AP test scores, WorkKeys Assessments scores, and NCRC certification.								

	Grant Award #: \$403A240002
	• YEAR 2: 65% of students will earn a "C" or better in the CTE and AP/Honors taken; and AP test takers scoring a 3 or higher will increase by 3% from baseline data.
	• YEAR 2: 86% of test takers pass the WorkKeys Assessment with a bronze score or higher and achieve a NCRC certificate.
	3: Students, who are exposed to Opportunities and Experiences in academic, visual performing arts, and sports events, will demonstrate increased academic confidence and engagement.
	• YEAR 2: 65% of students who participate in Academic Special Events, Visual Performing Arts (art, music, dance, theater programs), and STEAM opportunities will demonstrate increased learning engagement and confidence in handling academic work.
	4: Opportunities and Experiences in College/Career Readiness events to help guide their decision about the path they want to pursue after high school.
	• YEAR 2: 35% of participating students will be more knowledgeable about college and career options and indicate an interest in pursuing a college or career pathway, as evidenced by self-reflection surveys.
PART I: Section 1.	Activities & Work Accomplished

COMPONENT & ACTIVITIES (including travel)	WORK ACCOMPLISHED & PRIMARY DATA GENERATED
<ul> <li>In this column, list all the Project Components.</li> <li><u>In bullet form</u>, list all the specific activities falling under each Component.</li> <li><i>Insert Additional rows as needed</i>.</li> </ul>	<ul> <li>For each activity listed in the previous column, state the status of each activity (<i>ongoing, delayed, or completed</i>), and describe the details of the work accomplished during the period. Specify the <i>what, when, where, how, how many participants (a primary data or 'count'</i>), etc. Primary data may be presented in narrative form, or as a table or graph.</li> <li>If there was an activity that was not implemented during this reporting period, then simply indicate "REPORTING ON THIS ACTIVITY NOT APPLICABLE FOR THIS QUARTER". Include the reason why the activity was not conducted for the quarter.</li> </ul>
<ul> <li>1.1 Rigorous Academic and Technical Courses with High- Quality Instruction</li> <li>1.1.1 National Career Academies</li> </ul>	<b>1.1.1 National Career Academies Training:</b> <i>Not Started</i> Simon Sanchez High School has submitted a request under Requisition #25000702 for National Career Academies Certification services for FY '24. The purpose of this request is to engage a consultant to review the school's current academy structures and provide targeted consultative services. This effort aims to guide Simon Sanchez High School toward achieving <i>National Career Academies Certification</i> , with the long-term goal of reaching <b>Model Academy</b> status, similar to what has been accomplished by Tiyan High School. The project is tentatively scheduled to begin in Summer or early in the upcoming school year.

	Grant Award #: \$403A240002
1.1.2 Project Based Learning (PBL)	1.1.2 Project Based Learning (PBL): Not Started
	This activity has been entered requisition 25000084, currently with Procurement for processing. Once a purchase order has been issued, the Project can coordinate training as early as July for the Summer Teacher Academy.
1.1.3 Visual Communication/Video Production & Broadcasting Program with Media Camera Equipment	1.1.3 Visual Communication/Video Production & Broadcasting Program with Media Camera Equipment (Visual and Video Production/Broadcasting): Not Started
(Visual & Video Production/Broadcasting)	The Audio-Visual Communication and Video Production professional development activity has been submitted as a Request for Proposal (RFP) under Requisition #25000407. This initiative seeks to procure professional services to expand and enhance audiovisual broadcasting programs across secondary schools. The proposed services include training on all phases of video production—pre-production, production, and post-production—as well as filming, editing, and integration with Career and Technical Education (CTE) objectives.
	The RFP is currently under review by Procurement. In addition to professional development, the proposal includes media camera equipment and other resources to support the expansion and sustainment of current AV programs.
	The project anticipates execution of a contract by Summer 2025 to support the Summer Teacher Academy—an activity jointly funded by Projects 1, 2, and 3—which remains pending final approval from the U.S. Department of Education. If delayed, implementation is expected by Fall of School Year 2025–2026.
1.1.4 Computer Science/Information	1.1.4 Computer Science/Information Technology Program: Not Started
Technology Program	The Computer Science Information Professional Development (Requisition 25000161) has been entered. This is to have professional services to facilitate the development and training of computer science programs for secondary schools. This is currently going through the approval process in MUNIS.
1.1.5 STEAM Robotics PD	1.1.5 STEAM Robotics PD – Delayed
	Based on feedback from stakeholders and meetings with Project personnel, it was decided to pursue a local vendor for these services. The Project is awaiting a quote from the vendor to initiate the Requisition process. PD is tentatively set to take place during the Summer of 2025 for GDOE, Charter, and PNP teachers.
1.1.6 STEAM PD	1.1.6 STEAM PD – Not Started
	The STEM Professional Development has been entered as an RFP (Requisition 25000118). This activity is for contractual services to conduct a train of trainer series of training for elementary and secondary teachers to strengthen and increase teacher capacity in science and STEM. Some activities include training on robotics, and engineering design challenge. The project is hopeful this will

	Grant Award #: S403A240002
	be a Purchase Order in time for the Summer Teachers Academy in July. The RFP is currently being prepared and reviewed for prepublication.
1.1.7 AP and Pre-AP Summer	1.1.7 AP and Pre-AP Summer Institute: Not started
Institute	
	Services for professional development for teachers and counselors in AP curriculum for courses such as AP English, AP Math, AP Biology, AP Chemistry, and AP Literature has been entered, Requisition 25000162. This PD will give teachers strategies and vertical teams to strengthen the AP curriculum. This is currently with procurement for processing. The Project anticipates this being a purchase order in time for the Summer Teacher Academy in July or for training in the Fall of next school year SY25-26.
1.1.8 Career and Technical Education	1.1.8 Career and Technical Education (CTE) Workshop—Career Exploration: <i>Complete</i>
(CTE) Workshop—Career Exploration	The Career & Technical Education Career Exploration Lesson Plan Development professional development was held on February
Zapieration	18, 22, and March 8, 2025. The goal of this Professional Development was to have elementary and secondary teachers develop
	lessons related to different career pathways. The PD also integrated artificial intelligence (AI). A total of 35 participants completed the series of PD (32 GDOE and 3 PNP).
	In addition, the Project was approved to fund teacher stipends to participate in the <i>Career Technical Education (CTE) Summit</i> held from February 28 – March 2, 2025. A total of 93 teachers have submitted their Standard Service Agreements. This is a two-part agreement; the initial was the CTE Summit, the second part is for a cadre of secondary teachers to develop and implement school based CTE programs/ activities. This will be from Summer to the beginning of next school year SY25-26.
<b>1.2</b> College, Career Oriented and Technical Programs and	1.2.5 CTE Academies: <i>Ongoing</i>
Assessments	The contract with Guam Community College (GCC) to provide CTE academies at high schools is in its 4th and final
1.2.5 CTE Academies	year. An RFP (Requisition #25000405) is currently in process to continue these services, which include administration of the WorkKeys assessment beginning in April 2025.
1.2.6 Skilled Labor & Trades Academy	For the second semester, 2,367 students are enrolled in a CTE program. Many have also begun Spring 2025 internships, completing 90–180 hours of work experience across various sectors such as retail, hospitality, food service, and healthcare.

# 1.2.6 Skilled Labor & Trades Academy: Delayed

The project has entered an RFP for professional services to provide courses in Skilled Labor and Trades (Requisition 2500406). This is currently going through the prepublication process with procurement. The Project anticipates this activity being implement in the Summer or next school year. This activity typically is implemented in December during the Christmas Break.

# 1.2.8 Career Interest Inventory Management & Assessment: Ongoing

GDOE schools are currently using Paws in Jobland as a career interest inventory (Purchase Order 20250062 (FY23). Project personnel, in collaboration with the School Counselor Coordinator, distributed program login information to access the program. Project personnel will check in with elementary counselors regarding the effectiveness of the program and implementation during 2<sup>nd</sup> quarter. Requisition 25000095 has been entered for FY24 funds.

iLearn Academy Charter School (iLACS) and Guahan Charter Academy School (GACS) are currently using Xello for their career interest inventory. Requisitions 25000455 & 25000795 have been entered and currently going through the procurement process.

	Grant Award #: \$403A240002
1.2.11 Pre-AP; AP	1.2.11 Pre-AP; AP: Ongoing
	Project personnel provided the updated scope of work to the vendor for Pre-AP and AP professional development. The vendor is finalizing the quote, after which a requisition will be submitted and routed for processing. Requisition #25000091 has been entered for AP Exams for SY24–25. Procurement delays were experienced due to late payments to College Board for SY23–24 (PO#20240253), primarily caused by delayed invoice submissions from two high schools—George Washington and Okkodo. This also impacted timely vendor payments. Project personnel continue to monitor and coordinate with GDOE Accounts Payable to resolve outstanding issues.
1.2.12. College Fair	1.2.12. College Fair: <i>Ongoing</i>
	<ul> <li>The College Fair has been redesigned for this year to focus on Spring 2025 as a College Readiness Fair (PO 20250181). This year's event will be on April 22-23, 2025 at the University of Guam. High school students will engage in workshops led by college representatives, professionals, and educators focused on the college application process, financial aid and scholarship opportunities, and essential soft skills for success in higher education. Students will have the chance to explore informational sessions to include: <ul> <li>Free Application for Federal Student Aid (FAFSA)</li> <li>The Language of College</li> <li>College Life</li> <li>WICHE, or the Western Interstate Commission for Higher Education</li> <li>Choosing the Right College</li> </ul> </li> <li>The Project will be collaborating with Mr. Bob Kelley from St. John's School on the College Fair to be held in September 2025 with the various visiting Universities and Colleges.</li> </ul>
1.2.14. Science, Technology, Engineering Arts and Math (STEAM) Mentoring	<b>1.2.15. Science, Technology, Engineering Arts and Math (STEAM) Mentoring:</b> <i>Delayed</i> The Project has entered an RFP (Requisition 25000166) for professional services to provide yearlong mentoring program for students in grades K-12 for all schools to initiate, maintain and/or expand school-based gardens to include hydroponics/ aquaponics, through teacher workshops and student engagement activities. The Project hopes to begin implementation over the summer during the Summer Teacher Academy or next school year SY25-26.
<ul><li>1.2.15. College Readiness Programs</li><li>a. National Technical Honor Society</li><li>b. National Career Academy Coalition</li></ul>	<b>a. National Technical Honor Society</b> – <i>Complete</i> The will be working with School Counselors and administrators in renewing the membership for National Technical Honor Society (PO 2025139). Approximately 150 students will be inducted this school year.

	Grant Award #: S403A240002
c. ACTE Memberships	b. National Career Academy Coalition <i>Completed</i>
d. Health Certificates	The Project has entered Requisition 25000702 to being the process of getting Simon Sanchez High School in getting nationally
e. Health First Aid Certification	certified and recognized by the National Career Academy Coalition. The professional services will prepare the school academies
f. Driver's License Education	and personnel in this process. The Project anticipates beginning the process nest school year SY25-26.
	······································
	c. ACTE Membership - Ongoing
	The Project received a purchase order (20250252) for ACTE Memberships (90 teachers/ admin). The number of memberships increased to provide resources for the secondary CTE Cadre's in their development of school based CTE program at the school site
	(1.1.8 Career and Technical Education (CTE) Workshop)
	d. Health Certificates – Ongoing
	Project is currently working with schools to identify students to take the health certificate course with the Department of Public Health and Social Services (DPHSS) PO 20250141.
	e. Health First Aide Certificates – <i>Ongoing</i>
	The Project has identified a vendor to provide the Health First Aid Certification. Once procurement has established the
	vendor. Requisition 25000171 is currently going through the procurement process. The Project anticipates implementing
	this next school year SY25-26.
	f. Driver's License Education – <i>Ongoing</i>
	Requisition 25000380 is going through the procurement process. This is for 25 students in all high schools to take driver's education classes towards getting a driver's license classes. The Project anticipates implementing this next school
	vear SY25-26.
	year 5123-20.

1.3.4 E-sports	<b>1.3.4 E-sports – P</b>	lanning: <i>Ongoing</i>			
	The Project has entered Requisition 24000025 for professional development to train teachers on E-Sports. This is currently going through the procurement process with legal providing the team with clarifying questions.				
1.3.5 Academic Special Events (ASE)	1.3.5 Academic Special Events (ASE): <i>Ongoing</i>				
<ul> <li>National Forensic League</li> <li>Academic Challenge Bowl</li> <li>Math Counts</li> <li>Math Olympiad</li> <li>Robotics</li> </ul>	The Academic Special Events are currently ongoing. Below are the competition dates and or timeframes for each activity. A			nd. Judges for the National Forensic League	
	Math Olympiad – April 2025				
	<b>Robotics</b> STEM Robotics Competition took place on March 26, 2025 at Tiyan High School Gym. There was approximately 11 teams to competed. Below are the results of the competition.				
		Middle School Division		High School Division	
	1 <sup>st</sup> Place	VS Benavente Middle School Team: Robo Runners	1 <sup>st</sup> Place	Southern High School Team: Daphins Robotics	
	2 <sup>nd</sup> Place	Astumbo Middle School Team: Dragon Jedis	2 <sup>nd</sup> Place	Simon Sanchez High School Team: Royal Sharks	
	3 <sup>rd</sup> Place     FB Leon Guerrero Middle School     3 <sup>rd</sup> Place     George Washington High School <i>Team: RoboHawks Team: Ctrl+Alt+Defeat</i>			George Washington High School Team: Ctrl+Alt+Defeat	

	<ul> <li>Robotics Coaches under the Academic Special Events (ASE) will be receiving a stipend for their services. Approximately 17 teachers have submitted completed standard service agreements.</li> <li>The Project was approved to send a team of 6 students from George Washington High School to participate in the 2025 VEX Robotics World Championship in May 2025 in Dallas, TX. George Washington High School had participated in January in the VEX Robotics Competition ins San Diego, CA under ROTC and had placed 1<sup>st</sup> in the Skills Assessment/ Challenge. They have been invited to participate in the championship to represent GDOE. This opportunity will give our students a life changing experience and open doors to future opportunities in STEM fields, college scholarships, and career pathways that might not have them considered without this exposure.</li> </ul>			
1.3.6 Visual Performing Arts (VPA)	Visual Performing Arts			
<ul> <li>Music Band</li> <li>Art</li> </ul>	The Visual Performing Arts itinerant teachers continue to provide services to our schools. Below are the list of discipline and the activities associated with the teacher. The Project is currently analyzing the services the VPA teacher provide to see how to expand more service to the schools. These changes will be implemented for next school year SY25-26.			
• Dance	Discipline & Teacher	Activity/ Progress		
<ul><li>Theater</li><li>Audio/ Visual</li></ul>	Visual Arts Guisela Guile	<ul> <li>Visual Arts this quarter was provided at Maria Ulloa Elementary School 400 students (approximately 17 teachers). Maria Ulloa ES held art shows displaying all student artwork at the following events.</li> <li>PTO Meeting - March 19,2025</li> <li>GDOE Headquarters – April 1-13, 2025</li> <li>Micronesian Mall – April 14-29, 2025</li> </ul>		
	Audio Visual Brett Maluwelmeng	AV was implemented at GWHS, JFKHS, OHS, SSHS, and THS. Approximately 29 students (4 teachers). Video production interviews and edits. Final videos will be shared and presented next quarter.		
	Dance Cesar Medina	<ul> <li>Dance was implemented at the following schools this quarter. JQ San Miguel, Guahan Academy Charter School, Machananao, PC Lujan, Santa Barbara Catholic School, and Southern HS. Approximately 149 students participated in this activity.</li> <li>Below are the Dance events that happened this quarter.</li> <li>PC Lujan Dance Showcase – January 7, 2025</li> <li>Okkodo HYPE Concert – March 1, 2025</li> <li>GATE Day performance showcasing PC Lujan – April 4, 2025</li> <li>Major accomplishments include advancing dance techniques in Hip Hop, Jazz, and Vernacular dance, and mastering choreographics.</li> </ul>		

	Grant Award #: \$403A240002
Music Band Maximo Ronquillo, Jr.	<ul> <li>Band was implemented at two high schools (GWHS and OHS) with approximately 110 students participated. The challenge with implementing Band at the schools are schools not having the equipment needed to teach students. Below are the major events that happened this quarter.</li> <li>Lunar New Year Performance (Rock Band) – Micronesia Mall - February 1, 2025</li> <li>Valentines Day Performance (Rock Band) – Micronesia Mall - February 15, 2025</li> <li>Tumon Bay Music Festival (TBMF) Small Ensemble Performance (Beginning/Intermediate Band) – Micronesia Mall - March 1, 2025</li> <li>TBMF Rock Band Performance – Ypao Amphitheater - March 2, 2025</li> <li>Rock Band performance at Sophomore Ball – Okkodo High School Gym - March 8, 20205</li> <li>Rock Band performance for GODOE Staff Appreciation – Instagram Liv - March 14, 2025</li> </ul>
<b>Theater</b> Miren Ramirez	Intermediate Band wining the Gold Awards at the 2025 Tumon Bay Music Festival.Theater performances were implemented this quarter at two schools Adacao ES and DL Perez ES with approximately 52 students (2 teachers) participating. Adacao ES presented their 2 plays and 2 songs on February 28, 2025. They also presented the 2 songs at GATE Day in Agana Shopping Center on April 4, 2025.D.L. Perez ES had two performances on April 2, 2025. They performed 4 plays and 3 songs at this performance and performed one of the songs at GATE Day in Agana Shopping Center on April 4, 2025.

# PART II: Successes, Challenges, and Evaluation

**Evidence of Success/Progress** 

*Per component, list quantifiable evidence* 

using performance measures data, that

supports the project's tracking towards

success/progress in meeting its annual

objectives (e.g., higher number of

teachers retained from SY-SY, decrease in

dropout rates by X% from SY-SY, %

increase in 7<sup>th</sup> grade reading scores on TEST from SY-SY).

# Professional Development

The data below are from the CTE Career Exploration Lesson Plan Development professional development held in February-March 2025. The survey was provided to all participants. A total of 23 teachers responded. Below are some of the highlights from the survey; the third bullet refers partially to a performance measure on this component *("will report being more knowledgeable")*, and the rest are additional supporting statements:

- 87% of teacher respondents "*Strongly Agree*" that the content and materials presented in the PD were relevant and helpful to them as a teacher, 13% "*Agree*".
- 78% of teacher respondents "Strongly Agree" that they gained new teaching strategies, insight, or ideas from the PD, 22% "Agree".
- 43% of teachers self-reported they are "*Well Prepared*" on the strategies trained as a result of participation, 13% teachers reported they were "*more than well prepared*", 44% of teachers reported they are "*More knowledgeable*".
- 91% of teacher respondents "Strongly Agree" that the instructor's lessons ad activities were engaging, 9%.

# > CTE Academies

• 94.3% of students in CTE Academies earned a "C" or better (1<sup>st</sup> Semester), almost 30% beyond the annual target percentage of 65%.

# Specialized Events & Opportunities

The data below are from the 2<sup>nd</sup> quarter student perception survey. This survey was provided to all students who participated in any of these activities; *Robotics, Visual Performing Arts (arts, dance, music, theater), Academic Special Events (NFL, ACB, Math Counts, Math Olympiad)*, and *Sports*. There was a total of 829 responses.

Below are some of the highlights from the survey; two bullets refer to the performance measures on this component, and the rest are additional supporting statements:

# Robotics

- 45.6% of student respondents "*Strongly Agree*" that the work/ activity done while participating was engaging, 45% "*Agree*", and 9.4% "*Neutral*".
- 42.2% of student respondents "*Strongly Agree*" that students who participated in the activity are more engaged in learning, 40% "*Agree*", 17.2% "*Neutral*", and 0.6% "*Disagree*".
- 51.7% of students "*Strongly Agree*" that participating in the activity gave them opportunity to succeed, 37.8% "*Agree*", 10% "*Neutral*", and 0.6% "*Disagree*".
- 37.8% of students "*Strongly Agree*" that students who participated in the activity were confident in completing school work, 37.2% "*Agree*", 23.9% "*Neutral*", and 1.1% "*Disagree*".
- 46.7% students rated the overall activity "Outstanding", 42.2% "Satisfactory", and 11.1% "Neutral".

# Visual Performing Arts (VPA)

- 47.4% of students "*Strongly Agree*" that the work/ activity done while participating was engaging, 40.8% "*Agree*", 10.8% "*Neutral*", and 1% "*Disagree*".
- 39.5% of students "*Strongly Agree*" that students who participated in the activity were more engaged in learning. 43.8% "*Agree*", 15.4% "*Neutral*", and 1% "*Disagree*".
- 54.6% of students "*Strongly Agree*" that participating in the activity gave them opportunity to succeed, 38.9% "*Agree*", 5.9% "*Neutral*", and 0.7% "*Disagree*".
- 38.9% of students "*Strongly Agree*" that students who participated in the activity were confident in completing school work, 38.2% "*Agree*", 20.3% "*Neutral*", and 2.7% "Disagree".
- 47.4% students rated the overall activity "*Outstanding*", 41.5% "*Satisfactory*", 9.8% "*Neutral*", and 1% "*Needs Improvement*".

# Academic Special Events

- 60% of students "*Strongly Agree*" that the work/activity done while participating was engaging, 35.2% "*Agree*", and 4.8% "*Neutral*".
- 51% of students "*Strongly Agree*" that students who participated in the activity were more engaged in learning, 38.6% "*Agree*", and 10.3% "*Neutral*".
- 59.3% of students "*Strongly Agree*" that participating in the activity gave them opportunity to succeed, 33.8% "*Agree*", 6.2% "*Neutral*", and 0.7% "Disagree".

	Grant Award #: S403A240002
	<ul> <li>44.8% of students "Strongly Agree" that students who participated in the activity were confident in completing school work, 36.6% "Agree", 17.9% "Neutral", and 0.7% "Disagree".</li> <li>55.2% students rated the overall activity "Outstanding", 37.9% "Satisfactory", 6.2% "Neutral" and 0.7% "Needs Improvement".</li> <li>Sports</li> <li>56% of students "Strongly Agree" that the work/ activity done while participating was engaging, 37.2% "Agree", and 6.6% "Neutral".</li> <li>50.6% of students "Strongly Agree" that students who participated in the activity were more engaged in learning, 39.9% "Agree", 9.1% "Neutral", and 0.5% "Strongly Disagree".</li> <li>49.9% of students "Strongly Agree" that participating in the activity gave them opportunity to succeed, 41% "Agree", and 8.8% "Neutral".</li> <li>42.9% of students "Strongly Agree" that students who participated in the activity were confident in completing school work, 38.1% "Agree", 17.2% "Neutral", 0.9% "Disagree", and 0.9% "Strongly Disagree".</li> <li>58.5% students rated the overall activity "Outstanding", 34.7% "Satisfactory", 6.3% "Neutral", and 0.5% "Needs Improvement".</li> </ul>
Observations and/or Challenges List any major observations and/or challenges encountered that affected the implementation of an activity for the quarter (e.g., issues with data validity, procurement timelines). What strategies are being employed by the project in order to ensure meeting its annual objectives? At the end of the fiscal year, list the reasons why the established goals (and/or project objectives) were not met, if appropriate.	Challenges with processing procurement items in a timely manner continue; however, the Project continues to work with the Procurement team to identify priority items and dates its needed by. Biweekly email follow ups from the Project help this process in addition to the weekly procurement meetings by our State Program Officers. A potential challenge is will be the number of procurement Buyer IIs who help review and process contractual items. Additional challenges with the two (2) vacant personnel positions Program Coordinator IV (Project Lead) and Program Coordinator III has also added to the Project implementing activities in a timely manner. The Project Lead, Mr. Leon Bamba had retired in June 2024. The Project had also proceeded to fill the vacant, PCIII position in August 2024, however a hiring freeze across the department was implemented. As of January 2025 all vacant positions for CG funded personnel were allowed to proceed with hiring, however in April 2025 the Board of Education put a freeze on all hiring, any vacant positions will be reviewed on a case by case basis. This also burdens the Project with having funds unspent/undrawn in salaries. Please note the Interim Project Lead, Joshua Blas, was effective in January 2025, and this is in addition to his regular duties. Another internal challenge are the services provided by the VPAs. In the Consolidated Grant FY '25 Stakeholder feedback workshops, schools had requested clarification how schools are services by VPAs, in addition to requesting for more services. The Project is working with the VPAs to clarify the roles and expectations and the number of schools and/or students they service. This can be an immediate fix in time for implementation next school year SY 25-26. Note this change does not affect the current services or cost of the project.

What methods, tools, and processes are used to evaluate outcomes and the quality of implementation? LR uses a variety of tools to evaluate the effectiveness of the Project and activities being implemented. This quarter LR has used perception surveys, project meetings and training evaluations. Evaluation results will be used to improve the implementation of the project along with doing any recommended corrective actions. Also, collaborative meetings with administrators help ensure smooth implementation and school involvement in the design. LR is committed to maintaining communication with school administrators and all stakeholders. Stakeholders have been involved in planning the implementation of activities.

# **QUARTERLY REPORT CERTIFICATION**

# PROJECT TITLE: Life Readiness (LR)

- To the best of my knowledge and belief, as the authorized representative of this entity, all data in this Quarterly Performance Report are true and correct.
- □ The Quarterly Performance Report fully discloses all known weaknesses concerning the accuracy, reliability and completeness of the data.

FFY 2024 Specific Conditions Letter, US-Ed Grants Risk Management Services (Letter dated: June 24, 2024)

•Year 1: The CIA project will increase the teacher retention rate by 5% from previous baseline of 1,910.

•Year 2: The CIA project will increase the teacher retention rate by 5% from the previous school year.

•Year 3: The CIA project will increase the teacher retention rate by 5% from the previous school year.

•Year 1: Through web-based surveys and classroom observations, 70% of mentored or coached teachers will report or show improved instructional practices as a result of supports provided.

•Year 2: Through web-based surveys and classroom observations, 75% of mentored or coached teachers will report or show improved instructional practices as a result of supports provided.

•Year 3: Through web-based surveys and classroom observations, 80% of mentored or coached teachers will report or show improved instructional practices as a result of supports provided.

# Annual Objective 2: The CIA project will increase teacher effectiveness by providing professional development opportunities, instructional supports, resources and materials, and technology tools.

•Year 1: Through web-based surveys and classroom observations, 80% of teachers who participate in professional development opportunities will report or show increased use of research-proven instructional strategies used in the classroom.

•Year 2: Through web-based surveys and classroom observations, 83% of teachers who participate in professional development opportunities will report or show increased use of research-proven instructional strategies used in the classroom.

•Year 3: Through web-based surveys and classroom observations, 86% of teachers who participate in professional development opportunities will report or show increased use of research-proven instructional strategies used in the classroom.

•Year 1: 80% of teachers who participate in professional development opportunities will report increased student engagement through web-based surveys.

•Year 2: 83% of teachers who participate in professional development opportunities will report increased student engagement through web-based surveys.

•Year 3: 86% of teachers who participate in professional development opportunities will report increased student engagement through web-based surveys.

Year 1: Teachers will demonstrate increased capacity to use the interim and formative assessment tool to monitor Tier 3students in Reading and Math, and a baseline will be established at the end of SY 23-24.

•Year 2: Teachers will demonstrate increased capacity to use the interim and formative assessment tool to monitor an increased student caseload of 3% of Tier 3 students in Reading and Math from baseline.

•Year 3: Teachers will demonstrate increased capacity to use the interim and formative assessment tool to monitor an increased student caseload of 5% of Tier 3 students in Reading and Math from baseline.

# Annual Objective 3. The CIA project will increase the monitoring of student achievement by using student interim and summative assessments.

•Year 1: Students performing at Tier 1 and Tier 2 levels in Reading will increase to 64% as a result of the interventions they received

as measured by the interim assessment system.

•Year 2: Students performing at Tier 1 and Tier 2 levels in reading will increase to 66% as a result of the interventions they received as measured by the interim assessment system.

•Year 3: Students performing at Tier 1 and Tier 2 levels will in reading increase to 68% as a result of the interventions they received as measured by the interim assessment system.

•Year 1: Students performing at Tier 1 and Tier 2 levels in Math will increase to 48% as a result of the interventions they received as measured by the interim assessment system.

•Year 2: Students performing at Tier 1 and Tier 2 levels in Math will increase to 50% as a result of the interventions they received as measured by the interim assessment system.

•Year 3: Students performing at Tier 1 and Tier 2 levels in Math will increase to 52% as a result of the interventions they received as measured by the interim assessment system.

•Year 1: Students performing at Level 3 and Level 4 in Reading will increase to 16% as a result of the interventions they received as measured by the summative assessment system.

•Year 2: Students performing at Level 3 and Level 4 in Reading will increase to 18% as a result of the interventions they received as measured by the summative assessment system.

•Year 3: Students performing at Level 3 and Level 4 in Reading will increase to 20% as a result of the interventions they received as measured by the summative assessment system.

•Year 1: Students performing at Level 3 and Level 4 in Math will increase to 9% as result of the interventions they received as measured by the summative assessment system.

•Year 2: Students performing at Level 3 and Level 4 in Math will increase to 11% as result of the interventions they received as measured by the summative assessment system.

•Year 3: Students performing at Level 3 and Level 4 in Math will increase to 13% as result of the interventions they received as measured by the summative assessment system.

# PART II: Successes, Challenges, and Evaluation

<b>Evidence of Success/Progress</b> Per component, list quantifiable evidence using performance measures data, that supports the project's tracking towards success/progress in meeting its annual objectives (e.g., higher number of teachers retained from SY-SY, decrease in dropout rates by X% from SY-SY, % increase in 7 <sup>th</sup> grade reading scores on TEST from SY-SY).	Since the CIA project has pending data on all of its performance measures, the earliest reporting of which will occur in the 3rd fiscal quarter, the list of quantifiable evidence to its successes is on hold until the data are presented.
<b>Observations and/or Challenges</b> List any major observations and/or challenges encountered that affected the implementation of an activity for the quarter (e.g., issues with data validity, procurement timelines). What strategies are being employed by the project in order to ensure meeting its annual	Many of our contracts were delayed implementation. We are currently conducting professional development using Consolidated Grant Fiscal Year 2023 funds, as some of purchase orders were issued near the end of the fiscal year (September 30, 2024) and a few P.O.s had to be modified to change some funding sources, further delaying 1st Quarter implementation. The current hiring freeze for Central Office program coordinators has significantly impacted the project's ability to deliver timely and effective support to its stakeholders. As a result, several key positions remain unfilled, including two District Mentor positions, eight School Program Consultant positions, and one Program Coordinator IV (PC IV) position. These staffing shortages continue to hinder the project's capacity to meet program goals and provide adequate service across schools.

Web-based surveys, on-site monitoring, observations, meetings and discussions with schools will be conducted, supports provided by district mentors and coaches will be employed, as well as monitoring of the AIMSweb formative assessment tool will be tracked.

What methods, tools, and processes are used to evaluate outcomes and the quality of implementation?

Grant Award #: S403A240002
The project's three-year goal is to enhance teaching and learning by supporting at-risk, underrepresented, and special populations through teacher professional development, tutoring, core subject interventions, and credit recovery. These efforts aim to improve teacher efficacy and boost student achievement.
The Classroom Supports and Interventions project will implement 4 components to address these needs: 1. Professional Development, 2. Classroom Instructional Supports, 3. Interventions, 4. Credit Recovery.
Professional development opportunities will allow teachers to build teacher capacity to better support at-risk, underrepresented, and special population students. Providing teachers with instructional resources will aid in enhancing teaching and learning. Training will focus on Plan, Do, Study, Act (PDSA) and the continuous improvement of best practices.
Remediation and credit recovery will provide opportunities for students to recover learning loss to get students to the next grade level or be on track to graduate. Instruction will focus on student needs based on formative assessments and/or graduation status to close learning gaps.
Providing Professional Development to teachers will support the goal in increasing teacher capacity and competency in meeting the needs of students in special populations.         3.1 Professional Development (State Systemic Improvement Plan (SSIP)/ English as a Second Language (ESL): <ul> <li>24-25: 75% of teachers attending training will self-report level of feeling well-prepared implementing strategies learned in the classroom.</li> </ul> Providing after school activities support the goal in giving students opportunities for remediation to close deficiency gaps.         3.2.1 After School Program for Instructional Remediation and Enrichment (ASPIRE)         • 24-25: 60% of those in ASPIRE/Summer School K-8 will increase formative assessment scores by 10 points in reading and 30% of participants will increase formative assessments by 10 points in math.         Student Advocate & Mentor (SAM):       • 24-25: 50% of 9th and 10th grade students mentored will be on grade level.         Second Chance supports the project goal by providing credit recovery opportunities to students in alternative settings.         3.2.3 Second Chance:       • 24-25: 50% of Seniors enrolled will graduate; 40% of Freshmen, Sophomore, and Juniors will progress to the next grade level; and 30% of incarcerated students in Youth Shelter will advance by 1 grade level.         Credit recovery supports the goals of the project by giving students opportunity to earn credit towards graduation.         3.3.1 After Recovery (EP/ Summer):       • 24-25: 75% (Summer) of participating high school students will earn credits towards graduation with a passing rate of 70% or higher.
<b>3.3.2 Alternative Pathways:</b> 24-25: 70% of high school students ages 17-21 who are behind in credit to graduate will increase by 1 grade level.

FFY 2024 Specific Conditions Letter, US-Ed Grants Risk Management Services (Letter dated: June 24, 2024)

# PART II: Successes, Challenges, and Evaluation

<b>Evidence of Success/Progress</b> Per component, list quantifiable evidence using performance measures data, that supports the project's tracking towards success/progress in meeting its annual objectives (e.g., higher number of teachers retained from SY-SY, decrease in dropout rates by X% from SY-SY, % increase in 7 <sup>th</sup> grade reading scores on TEST from SY-SY).	<ul> <li>During the implementation of the ASPIRE/EARLY BIRD program, significant academic gains were observed among participating students in both elementary and middle school levels. At the elementary and middle school levels, there are demonstrated measurable growth in reading, with 65% elementary (5% above the annual target) and 50% middle school students (approaching the 60% target) increasing their score by at least 10 points. This indicates a strong positive response to the reading interventions provided through the ASPIRE/EARLY BIRD program. Similarly, there is progress in math, achieving an increase of at least 10 points in their scores. These results reflect the effectiveness of targeted instructional support and reinforce the value of continued investment in supplemental academic programs like ASPIRE/EARLY BIRD program.</li> <li>The <i>Eskuelan Puengi</i> program achieved success by meeting or exceeding the target goal of 75% student success rate across <del>all</del> three out of four sessions. The last session (session D) fell short by only 5% of the target. Despite the challenges of implementing double sessions across three high school campuses, the intervention, for the most part, successfully met its goals. Each campus maintained high levels of student engagement and performance, ultimately achieving or surpassing the target outcomes in three out of four sessions.</li> <li>The Alternative Pathways activity was not implemented in FY '23 due to delays in securing a contract, which prevented the program from launching as planned. In FY '24, the necessary contract was secured, allowing for the successful rollout of the activity. Despite the provious setback, the program met its intended objectives, achieving a 61% success rate (vs. annual target of 70%). This milestone, although 9% short of the target, still reflects the program's effectiveness in re-engaging students and providing them with a structured route toward credit recovery and academic program's effectiveness in re-engaging students and provi</li></ul>
	CSI Project – Request to Fill (RTF) Timeline for School Aide I (Teacher Assistant) Positions
<b>Observations and/or Challenges</b> List any major observations and/or challenges encountered that affected the implementation of an activity for the quarter (e.g., issues with data validity, procurement timelines). What strategies are being employed by the project in order to ensure meeting its annual objectives?	<ul> <li>To support at-risk students and ensure continued compliance with program objectives, the CSI Project initiated a Request to Fill (RTF) for additional School Aide I (Teacher Assistant) positions. Below is the timeline of the RTF process:</li> <li>October 29, 2024: RTF submitted by the CSI Project.</li> <li>November 5, 2024: RTF reached the Budget Office for review.</li> <li>December 10, 2024: RTF delivered to the Human Resource Division.</li> <li>January 10, 2025: No new hires reported at this point.</li> <li>April 2025: Interviews officially scheduled for April 25, 2025.</li> </ul>
At the end of the fiscal year, list the	Despite the early submission of the RTF in late October 2024, there has been a significant delay in the hiring process. The upcoming

	Grant Award #: \$403A240002
reasons why the established goals (and/or	interviews mark the first active hiring step for these positions since the request was made.
project objectives) were not met, if	
appropriate.	Program Coordinator Positions for CSI Project
uppropriate.	
	The Classroom Supports and Interventions (CSI) project has formally advocated for the establishment of Program Coordinator IV and Program Coordinator III positions to support the effective implementation and oversight of project activities. However, to date, there appears to be no documented response or formal decision from the Superintendent of the Guam Department of Education regarding whether these CSI-specific positions will be filled.
	While the Curriculum and Instruction staff have provided much-needed assistance, their support—though appreciated—cannot substitute for dedicated personnel. At this stage in the grant cycle, it is critical to document the current staffing situation and decisions (or lack thereof) to ensure accountability, support future planning, and maintain compliance with grant requirements.
	Despite these challenges, the CSI team remains committed and continues to work extended hours to ensure that project activities are carried out effectively and in a timely manner.
	The CSI team will be submitting another Request to Fill document with accompanying justification for the coordinator positions to move forward.
	Requisition/Procurement Status
	Requisitions were entered beginning in December and continued through the second quarter. However, due to staffing shortages at the Procurement Office, there was a delay in converting these requisitions into Purchase Orders. To address this issue and support the Procurement Office, two new Buyer positions funded under the Consolidated Grant were hired in February 2025, specifically to focus on processing Consolidated Grant requisitions.
What methods, tools, and processes	The project utilizes a comprehensive framework of methodologies, tools, and processes to support effective monitoring and ongoing improvement. Project data is systematically reviewed at scheduled intervals to identify performance trends, monitor implementation fidelity, and inform data-driven adjustments to strategies, ensuring sustained progress toward established program goals and measurable outcomes.
are used to evaluate outcomes and the quality of implementation?	Ongoing implementation is supported through regular meetings, attendance tracking, surveys, and stakeholder briefings. These touchpoints ensure consistent communication, allow for real-time reflection on outcomes, and drive timely adjustments to strengthen program delivery.
	Continuing evaluation interviews during project trainings support implementation by monitoring staff performance, providing targeted feedback, and ensuring alignment with program goals.

9 - 12					225	20	66		
LIST THE PROJECT GOALS:	Overall GOAL: I Through services Positive Behavio	Overall GOAL: By the end of the three years, there will be a decline in dropout rates, discipline and suspension rates for at-risk students. Overall GOAL: By the end of the three years, there will be an improvement to students' physical fitness and social and emotional health. Through services provided in all 4 Project Components (4.1 Social Supports & Outreach Teams, 4.2 PBIS Implementation, 4.3 Promoting Positive Behaviors and 4.4 Safe and Healthy Schools) the challenges of at-risk students will be addressed and students will remain in school and focus on learning.							
LIST THE PROJECT OBJECTIVES:	<ul> <li>4.1 Social Services &amp; Outreach Teams: Addressing student/family challenges through a referral system will help remove barriers and allow students to come to school and focus on learning.</li> <li>1. By the end of Year 3, SSOT will maintain or exceed the current successful completion rate of 96%. <ul> <li>Year 1: ≥96% maintain or exceed successful completion (issue(s) addressed and resolved)</li> <li>Year 2: ≥96% maintain or exceed successful completion (issue(s) addressed and resolved)</li> <li>Year 3: ≥96% maintain or exceed successful completion (issue(s) addressed and resolved)</li> </ul> </li> <li>2. By the end of Year 3, SSOT will maintain or reduce the current pending cases rate of 4%.</li> </ul>								

FFY 2024 Specific Conditions Letter, US-Ed Grants Risk Management Services (Letter dated: June 24, 2024)

- Year 1:  $\leq 4\%$  maintain or reduce pending cases rate
- Year 2: <4% maintain or reduce pending cases rate
- Year 3:  $\leq 4\%$  maintain or reduce pending cases rate

**4.2 Positive Behavior Intervention & Support Framework:** Successful and consistent implementation of the PBIS Framework creates a safe nurturing environment that is conducive to learning.

- 1. By the end of Year 3, of all who completed the Tiered Fidelity Inventory, there will be a 10% in school-site TFI results
  - Year 1: 2% increase in school-site TFI rate
  - Year 2: 3% increase in school-site TFI rate
  - Year 3: 5% increase in school-site TFI rate

**4.3 Promoting Positive Behavior and Safe School Environment:** Providing social & emotional supports through appropriate intervention & supports help Tier II and Tier III students address their specific issues.

- 1. By the end of Year 3, the District-wide discipline rate will be maintained or reduced at the current rate of 30%
  - Year 1: Maintain or reduce the  $\leq 30\%$  discipline rate
  - Year 2: Maintain or reduce the  $\leq 30\%$  discipline rate
  - Year 3: Maintain or reduce the  $\leq 30\%$  discipline rate
- 2. By the end of a Year 3, the District-wide suspension rate will be maintained or reduced at the current rate of 15%.
  - Year 1: Maintain or reduce  $\leq 15\%$  suspension rate
  - Year 2: Maintain or reduce  $\leq 15\%$  suspension rate
  - Year 3: Maintain or reduce  $\leq 15\%$  suspension rate

**4.4 Health & Safety:** Interventions to promote healthier lifestyles and safer schools

- 1. Increase the number of students participating in health education activities by 10% annually
  - Year 1: Increase the number of student participants in health education activities by 10% from 204 for SY2021-22 from previous year
  - Year 2: Increase the number of student participants by 10% from previous year
  - Year 3: Increase the number of student participants by 10% from previous year
- 2. By the end of Year 3, 5% overall increase in the School Safety Perception Survey rate of 80%
  - Year 1: Maintain School Safety Perception Survey rate of 80%
  - Year 2: Increase School Safety Perception Survey rate to 82%
  - Increase School Safety Perception Survey rate to 85%

<ul> <li>Staff Development Activity (3):</li> <li>01/27/25, 01/29/25 &amp; 02/13/25: PBIS Coach and SCCE Project Social Service Supervisor conducted a Youth Mental Health First Aid certification training for the School Resource Officers (SROs) of the Guam Police Department (GPD) (2 trainers, 6 participants).</li> <li>01/30/25: PBIS Coach conducted a PBIS training on an overview of the PBIS Framework to the SROs of GPD (1 trainer, 6 participants).</li> <li>Training Exit Surveys – Guam Police Department (GPD) School Resource Officers reported feeling more knowledgeable and more confident in implementing the learned strategies. 7 of 12 participants completed</li> </ul>

 01/30/25 & 02/18/25: PBIS Coach presented on PBIS: Setting the Stage, An Overview of the PBIS Framework and PBIS: Getting Started, Leadership Team Implementers of the Framework for SCCE Project Personnel (1 trainer, 33 participants).

# **Professional Development Activity (2):**

- 01/06/25: PBIS Coaches attended a professional development for GDOE school counselors on such topics of the GPD Dare Program, Fuetsan Manhoben with the University of Guam, Military Academies and District Things: Brief Tobacco and Nicotine Intervention. (3 participants)
- 01/30/25 & 02/18/25: PBIS Coaches received training on the following topics during the monthly meetings: Guam Regional Transit Authority (GRTA); What is Ethics; Worksite Wellness Program; PBIS Overview; PowerSchool; Responsibility-Centered Discipline: Basics for Working with Difficult Students-The Defiant, Manipulative, Attention Seeking Students; Safe Haven Pregnancy Center; & PBIS: Getting Started-School Climate Cadre Implementers of the Framework. (3 participants)

# Travel Activity (1):

03/12-15/25: PBIS Coaches (3) and SCCE Social Service Supervisor attended the Association for Positive Behavior Support Conference (APBS) 2025 Conference in Saint Louis, Missouri: *Together Towards Tomorrow: Uniting PBS Across the Lifespan*, where they attended various sessions related to the implementation of Positive Behavior Supports. Travel reports for comprehensive listings of the sessions attended are available upon request. Echo training is to be conducted in up-coming SCCE monthly meetings.

# **Additional Projects:**

- ➤ 02/19/25: PBIS Coach met online with a Research Associate Professor at the University of Oregon's PBIS, Implementation Science and discussed support needs for formatting a GDOE PBIS Training Modules, identifying the appropriate use of either PBIS District Systems Fidelity Inventory (DSFI) and the PBIS State Systems Fidelity Inventory (DSFI) to include the PBIS Evaluation Tool. The research associate professor provided resources and assisted with development of the training modules.
- 02/19/25: PBIS Coach attended the online APBS State Leaders Network Meeting to represent GDOE schools. District representatives shared barriers of the PBIS framework implementation and celebrating success stories among attendees.

# Tiered Fidelity Inventory (TFI) (Implementation Assessment) – Tiers I, II and III

 $\triangleright$  Results will be reported in the 3<sup>rd</sup> Quarter of SY 24-25.

Target: 82% positive response on School Safety Perception Survey Actual: The School Safety Perception Survey will be conducted in Spring of 2025, and results reported next quarter.	

### PART II: Successes, Challenges, and Evaluation

<b>Evidence of Success/Progress</b> Per component, list quantifiable evidence using performance measures data, that supports the project's tracking towards success/progress in meeting its annual objectives (e.g., higher number of teachers retained from SY-SY, decrease in dropout rates by X% from SY-SY, % increase in 7 <sup>th</sup> grade reading scores on TEST from SY-SY).	<ul> <li>4.1 Social Support and Outreach Teams (SSOT): Although we did not meet the targeted completion rate for the 2<sup>nd</sup> quarter, the data still shows a high success rate of at 85%.</li> <li>4.2 Positive Behavior Interventions and Supports Framework: Results of the TFI will be reported in the 3<sup>rd</sup> quarter. The project continues to work towards encouraging all 41 GDOE schools to implement the PBIS framework with high fidelity.</li> <li>4.3 Promoting Positive Behavior and Safe School Environment: District discipline rate (13%) and suspension rate (4.4%) remain fairly low, maintaining levels that are below the annual target (30% and 15%, respectively).</li> <li>4.4 Health and Safety: This quarter's data on student participant count shows many student health related activities happening, and many First Aid CPR trainings occurring.</li> </ul>
Observations and/or Challenges List any major observations and/or challenges encountered that affected the implementation of an activity for the quarter (e.g., issues with data validity, procurement timelines). What strategies are being employed by the project in order to ensure meeting its annual objectives? At the end of the fiscal year, list the reasons why the established goals (and/or project objectives) were not met, if appropriate.	<ul> <li>Following the resignation of PCIII, who was primarily responsible for procurement on this project, there was a delay in entering requisitions as we transitioned a new employee into the role. The replacement employee has now become proficient with the system and is fully capable of handling procurement tasks moving forward.</li> <li>At times, the simultaneous receipt of multiple items and purchase orders can cause delays in distribution. Our current strategy is to store the items temporarily until we are able to secure sufficient manpower to support the distribution process.</li> <li>The Project was recently informed by our Project Manager of an upcoming office relocation, which is expected to cause some delays until the move is complete. We anticipate being settled into the new location within the next two weeks.</li> </ul>

- Number of referrals received, completed and pending.
- Number of trainings conducted and received.
- Evaluations from Parent Workshops.
- Results from school PBIS surveys.
- PBIS Training Exit Surveys.
- Program Evaluations.
- Parent/Student Surveys.

# Annual Objective 2: The *Prugråman Tiningo'* project will provide professional development training to participating CHamoru language teachers, promote the application of evidence-based instructional strategies, and develop appropriate curriculum to increase language acquisition skills of students.

YEAR 1: Through web-based surveys, 40% of participating teachers will indicate an increase in the utilization of evidence-based instructional strategies (learned from professional development opportunities or curricular resources in their classrooms). YEAR 2: Through web-based, 45% of participating teachers will indicate an increase in the utilization of evidence-based proven instructional strategies learned from professional development opportunities or curricular resources in their classrooms. YEAR 3: Through web-based surveys 50% of participating teachers will indicate an increase in the utilization of evidence-based instructional strategies (learned from professional development opportunities or curricular resources in their classrooms.

Annual Objective 3: The *Prugråman Tiningo*' project will provide CHamoru Language teachers tools that measure and monitor the proficiency level of CHamoru speakers in the district and encourage the use of formative and summative assessment data to assess students' CHamoru language proficiency.

YEAR 1: 5% of students who participate in CHamoru language classes will perform at the Limited CHamoru Speaker Level (Level 3) by the end of SY 2023-2024 as shown in proficiency assessments.

YEAR 2: 10% of students who participate in CHamoru language classes will perform at the Limited CHamoru Speaker Level (Level 3) by the end of SY 2024-2025 as shown in proficiency assessments.

YEAR 3: 15% of students who participate in CHamoru language classes will perform at the Limited CHamoru Speaker Level (Level 3) by the end of SY 2025-2026 as shown in proficiency assessments.

YEAR 1: 15% of students who participate in *Faneyåkan Sinipok* (CHamoru Immersion program) will perform at the Near Fluent in CHamoru Speaker Level (Level 4) by the end of SY2023-2024 as shown in proficiency assessments.

YEAR 2: 20% of students who participate in *Faneyåkan Sinipok* (CHamoru Immersion program) will perform at the Near Fluent in CHamoru Speaker Level (Level 4) by the of SY2024-2025 as shown in proficiency assessments.

YEAR 3: 25% of students who participate in *Faneyåkan Sinipok* (CHamoru Immersion program) will perform at the Near Fluent in CHamoru Speaker Level (Level 4) by the of SY2025-2026 as shown in proficiency assessments.

# Annual Objective 4: The *Prugråman Tiningo'* project will provide supports to increase parent engagement in the CHamoru language program.

YEAR 1: Through web-based surveys, 30% of parents who attend parent classes and conference(s) will indicate they are able to assist their children with CHamoru Immersion assignments and other activities in school.

YEAR 2: Through web-based surveys, 35% of parents who attend parent classes and conference(s) will indicate they are able to assist their children with CHamoru Immersion assignments and other activities in school.

YEAR 3: Through web-based surveys, 40% of parents who attend parent classes and conference(s) will indicate they are able to assist their children with CHamoru Immersion assignments and other activities in school.

Note: The above outcome-based performance measure starting in Year 2 (FY '24) replaced a Year 1 (FY '23) output-b	1
(i.e. "count of parent attendees to weekly Parent Night CHamoru classes and forums").	ased measure
YEAR 1: Through web-based surveys, 30% of parents who attend parent classes and conference(s) will report an increation of CHamoru speaking at home.

		making their way through the procurement process.
		making then way through the process.
5.3. Fa	neyåkan Sinipok	5.3: CHamoru Immersion Supports for Faneyåkan Sinipok (CHamoru Immersion School). Instruction in the CHamoru Language
	noru Immersion)	is currently ongoing in grades K-5th. There are currently 29 students enrolled in <i>Faneyåkan Sinipok</i> CHamoru Immersion
<b>(</b>	5.3.2 Eskuelan	Program. Supports below are all geared to assist students currently enrolled. The overarching goal of this activity aims to support
	Tiempon Somnak	student achievement in proficiency in all subjects which are taught in the CHamoru Language.
	(Summer School)	Status: On-Going
	5.3.3 Prugråman	
	Despues di Eskuela	5.3.1: Teacher Assistants for <i>Faneyåkan Sinipok</i> are hired and placed in the classrooms to provide supports to the students in the
	(After School	Immersion School. There are 4 TA positions currently filled. One TA (C.C) resigned 2/14/2025 and the termination Personnel
	Program)	Action (required for the Request to Fill) had taken approximately 1 month to be signed.
	5.3.4 <i>Mapoksai</i> CHamoru	<b>Status:</b> Staffing is incomplete. One TA (C.C) resigned on 2.14.25 and the project is in the process of back-filling the position.
	5.3.5 CHamoru Cultural	Termination Personnel Action was received by Project and a Request to Fill is currently at Federal Programs pending approval.
	Experts	
	Experts	5.3.2: Standard Service Agreement is currently being drafted. In addition, project is in the process of adopting a call-out for
		CHamoru Teachers. At this time, the project will provide supports to <i>Faneyåkan Sinipok</i> students. The goal of this activity is to
		Containera reachers. At this time, the project will provide supports to <i>raneyakan Simpok</i> students. The goal of this activity is to

	Grant Award #: \$403A240002
	ensure that student proficiency levels do not regress over the Summer months. In addition, this activity will assist the project in ensuring more proficient students emerge out of the Immersion School. <b>Status:</b> On-Going
	<b>5.3.3:</b> Standard Service Agreement for <i>Despues di Eskuela</i> are currently underway. Teachers are currently providing after- school supports to Students to increase proficiency. In addition, Teachers are able to provide additional supports to students on a more 1:1 basis to ensure students are achieving maximum potential in the CHamoru Language for all subjects. <b>Status:</b> On-Going. 2 Teachers are currently Teaching this activity.
	<ul> <li>5.3.4: This activity was designed for High School CHamoru Educators to provide CHamoru Language &amp; Culture Mentorship to students in 10th-12th grade who aspire to become future CHamoru Educators. The activity will assist the Project in possibly recruiting additional CHamoru Language Educators- filling the dire need for additional CHamoru Language Educators across the Guam Department of Education.</li> <li>Status: On-Going. Standard Service Agreement was approved by GDOE Budget Office on 2.10.2025 and the project currently has 1 CHamoru Teacher conducting the activity. There were no other high school teachers that signed up to implement this activity. The project had hosted 5 meetings for both GDOE and Charter Schools to participate, however, the project was unsuccessful in</li> </ul>
	obtaining more teachers. <b>5.3.5:</b> Standard Service Agreement for Cultural Experts in various aspects of the CHamoru culture (i.e. gardening/farming) Delayed. Due to some technical difficulties with the format of the Standard Service Agreement (unable to be conducted during normal instruction hours), this activity had to be delayed, however, there are current plans underway and the activity is moving forward. The project intends to conduct this activity during Summer 2025. The project had hosted 3 meetings for GDOE CHamoru Teachers, however, at the time- there were no teachers that had signed up for participate during the school year. The CHamoru Teachers recommended delaying this activity until Summer 2025 due to their workload. <b>Status:</b> Delayed
5.4 Parent Engagement & Language Revitalization 5.4.1 a Eskuelan Manaiña (Parent Classes Faneyåkan) 5.4.1 b Eskuelan Manaiña (Parent Classes CHamoru Language &	<ul> <li>5.4: Parent Engagement &amp; Revitalization. This activity was designed to assist parents with students in <i>Faneyåkan Sinipok</i>. The goal behind this was to ensure that parents are able to continue conversations with their students in the CHamoru Language-ensuring minimal regression as the conversations in the CHamoru Language would boost Proficient Speakers. There are 29 students currently enrolled at Faneyåkan Sinipok. All 29 students' parents had signed commitment letters; however, the project still experiences lack of participation from parents for activities hosted by the project.</li> <li>Status: Delayed. Due to issues (State of Emergency/Sanitation Inspections/Delayed opening of SY24-25) the Project had to move activities that were originally scheduled for September 2024 (utilizing CG23 Funding). With the delay in the CG 23, this has caused delays in the implementation of the CG 24 activities.</li> </ul>
Culture Program) 5.4.2 Komferensian Manaiña (Parent Revitalization Conference)	<ul> <li>5.4.1a: This Standard Service Agreement was designed for Parents in the <i>Faneyåkan Sinipok</i> Immersion School to be able to continue the conversations with their children in the CHamoru Language outside of the school setting. This activity was also geared to assist parents with increasing their proficiency levels- ensuring additional proficient speakers are added to such a unique and small community.</li> <li>Status: On-going. Due to a low-parent turnout for <i>Faneyåkan Sinipok</i>, 2 teachers conducting the SSAs had withdrawn from the</li> </ul>

<ul> <li>Observations and/or Challenges List any major observations and/or challenges encountered that affected the implementation of an activity for the quarter (e.g., issues with data validity, procurement timelines). What strategies are being employed by the project in order to ensure meeting its annual objectives? At the end of the fiscal year, list the reasons why the established goals (and/or project objectives) were not met, if appropriate.</li></ul>	At this time, the project has no observations or challenges that could anticipate negatively affecting the implementation of any of its activities. Although the project experienced delays due to the GDOE State of Emergency/delayed start of the School Year/School Closures, the project is working diligently to ensure that all activities are initiated or implemented within the timeframe allowed.
What methods, tools, and processes are used to evaluate outcomes and the quality of implementation?	The project has conducted Site Visits to ensure classroom instruction. The project has also had meetings with the Teachers implementing activities to discuss any challenges or successes of the activity. Continuous communication with the individuals implementing activities has proven to be successful. Surveys have also been created for administration to various target respondent groups (i.e. PD-participating CHamoru language teachers to determine classroom application of strategies learned, and participating parents of students in Faneyākan Sinipok to determine if they are able to provide assistance to their children in doing homework and if there is increase in CHamoru language use at home.) Lastly, the Project Coordinator continues to meet with the Projects Teacher Assistants on a quarterly basis to address any challenges or concerns ahead of time.

### **QUARTERLY REPORT CERTIFICATION**

### **PROJECT TITLE: Prugråman Tiningo (Knowledge Project)**

- To the best of my knowledge and belief, as the authorized representative of this entity, all data in this Quarterly Performance Report are true and correct.
- The Quarterly Performance Report fully discloses all known weaknesses concerning the accuracy, reliability and completeness of the data.

LIST THE PROJECT GOALS:	<ul> <li>By the end of the three-year grant program, the Office of Catholic Education (OCE) will have achieved the following overall goals:</li> <li>a. Expand student-learning experiences to improve student performance in math and reading and enhance their college and career readiness; and</li> <li>b. Provide professional development and technology support for teachers to hone their knowledge and skills in technology integration and disciplinary-specific pedagogies.</li> </ul>								
LIST THE PROJECT OBJECTIVES:	<ul> <li>A. Expand student access to experiences to improve performance in math and reading and enhance their college and career readiness:</li> <li>Component 6.1. Academic Performance</li> <li>YEAR 1: Improve academic performance in reading and math and reading by at least 2% from baseline on the summative assessment used by the Private, Non- public (PNP) school.</li> <li>YEAR 2: Improve academic performance in reading and math and reading by at least 4% from baseline on the summative assessment used by the Private, Non- public (PNP) school.</li> </ul>								

 Grant Award #: \$403A240002
• YEAR 3: Improve academic performance in reading and math and reading by at least 6% from baseline on the summative assessment used by the Private, Non- public (PNP) school.
<ul> <li>YEAR 1: The percent of AP test results scoring 3 or above will increase by at least 2% for those OCE schools offering Advanced Placement (AP).</li> <li>YEAR 2: The percent of AP students test results 3 or above will increase by at least 4% for those OCE schools offering Advanced Placement (AP).</li> <li>YEAR 3: The percent of AP students test 3 or above will increase by at least 6% for those OCE schools offering Advanced Placement (AP).</li> </ul>
Component 6.2. Specialized Events & Opportunities
<ul> <li>YEAR 1: There will be at least a 5% increase in student participation in STEAM activities, other academic and non-academic special events and at least 70% of participating students will report they are more engaged in learning and confident in handling academic work.</li> <li>YEAR 2: There will be at least a 6% increase in student participation in STEAM activities, other academic and non-academic special events and at least 75% of participating students will report they are more engaged in learning and confident in handling academic work.</li> <li>YEAR 3: There will be at least a 7% increase in student participation in STEAM activities, other academic and non-academic special events and at least 80% of participating students will report they are more engaged in learning and confident in handling academic work.</li> </ul>
Component 6.3. Academic & Career Planning
<ul> <li>YEAR 1: At least 70% of participating students will indicate that College/Career Fair is helpful in providing them the information needed to prepare for a college/career path, and at least 20% of these students will indicate an interest in pursuing a STEAM college path/CTE path.</li> <li>YEAR 2: At least 75% of participating students will indicate that College/Career Fair is helpful in providing them the information needed to prepare for a college/career path, and at least 25% of these students will indicate an interest in pursuing a STEAM college path/CTE path.</li> <li>YEAR 3: At least 80% of participating students will indicate that College/Career Fair is helpful in providing them the information needed to prepare for a college/career path, and at least 30% of these students will indicate an interest in pursuing a STEAM college path/CTE path.</li> </ul>
B. Provide professional development and other supports for teachers to hone their knowledge and skills in technology integration and disciplinary- specific pedagogies:
Component 6.4. Professional Development
<ul> <li>YEAR 1: At least 60% of teachers participating in PD will report implementing what was learned in the classroom and feeling more confident in their teaching effectiveness (teacher efficacy).</li> <li>YEAR 2: At least 87% of teachers participating in PD will report implementing what was learned in the classroom and feeling more confident in their teaching effectiveness (teacher efficacy).         <ul> <li>(Note: The annual target percentage for FY '24 or Year 2 was revised from 63% to 87% based on the actual percentage at the end of FY '22, which was the latest baseline data at the time of this FY '24 application submission.)</li> </ul> </li> </ul>
• YEAR 3: At least 88% of teachers participating in PD will report implementing what was learned in the classroom and feeling more confident in their teaching effectiveness (teacher efficacy). (Note: Consequently, the annual target percentage for FY '25 or Year 3 had to be modified from 65% to 88% based on the Year 2 change.)
Component 6.5. Technology Support & Technology Integration

Grant Award #: S403A240002
• YEAR 1: At least 98% of teachers in participating schools will report improved access to technology and online resources and increased integration of technology in the classroom.
• YEAR 2: At least 83% of teachers in participating schools will report improved access to technology and online resources and increased integration of technology in the classroom.
( <u>Note</u> : The annual target percentage for FY '24 or Year 2 was revised from 99% to 83% based on the actual percentage at the end of FY '22, which was the latest baseline data at the time of this FY '24 application submission.)
YEAR 3: At least 85% of teachers in participating schools will report improved access to technology and online resources and increased integration of technology in the classroom.
(Note: Consequently, the annual target percentage for FY '25 or Year 3 had to be modified from 100% to 85% based on the Year 2 change.)
• YEAR 1: At least 94% of students in participating schools will report improved access to technology and online resources and increased integration of technology in the classroom.
• YEAR 2: At least 89% of students in participating schools will report improved access to technology and online resources and increased integration of technology in the classroom.
( <u>Note</u> : The annual target percentage for FY '24 or Year 2 was revised from 95% to 89% based on the actual percentage at the end of FY '22, which was the latest baseline data at the time of this FY '24 application submission.)
• YEAR 3: At least 90% of students in participating schools will report improved access to technology and online resources and increased integration of technology in the classroom.
( <u>Note</u> : Consequently, the annual target percentage for FY '25 or Year 3 had to be modified from 96% to 90% based on the Year 2 change.)

### PART I: Section 1. Activities & Work Accomplished

COMPONENT & ACTIVITIES (including travel)	WORK ACCOMPLISHED & PRIMARY DATA GENERATED
<ul> <li>In this column, list all the Project Components.</li> <li><u>In bullet form</u>, list all the specific activities falling under each Component.</li> <li><i>Insert Additional rows as needed</i>.</li> </ul>	<ul> <li>For each activity listed in the previous column, state the status of each activity (<i>ongoing, delayed, or completed</i>), and describe the details of the work accomplished during the period. Specify the <i>what, when, where, how, how many participants (a primary data or 'count')</i>, etc. Primary data may be presented in narrative form, or as a table or graph.</li> <li>If there was an activity that was not implemented during this reporting period, then simply indicate "REPORTING ON THIS ACTIVITY NOT APPLICABLE FOR THIS QUARTER". Include the reason why the activity was not conducted for the quarter.</li> </ul>
Component 6.1 Academic Performance	Summative Assessment: Ongoing a. Ongoing instruction in the core subject areas.
Summative Assessment	<ul> <li>b. Summative Testing to take place between April 7<sup>th</sup> to May 16<sup>th</sup>.</li> <li>c. Attendance of Interim Assessment meetings</li> </ul>

Comp. 6.5: Technology Support and Integration Continuing Use of Acquired Technology	<ul> <li>a. Ongoing</li> <li>b. The IT Department is preparing all laptops with the updated technical requirements to support the Smarter Balanced Assessment and the AP exams scheduled during the next reporting period.</li> <li>c. 99% Teachers and Students are utilizing acquired technology on a daily or weekly basis. Although there is limited available support, schedules and groupings are created to share laptops on certain days to support online instruction, software learning platforms, and online assessments such <i>as IXL, Keyboarding, Media Studies,</i> and <i>Robotics</i> need greater access to technology throughout the school week. Additionally, there is a need for Promethean boards to support efficient classroom management and the integration of technology in teaching methods.</li> </ul>
Requisition and Procurement of Additional Technology	<ul> <li>OCE has not received any updates of any technology requisitions and/or purchase orders for consolidated grant. Based on  </li> <li>OCE has not received any updates of any technology requisitions and/or purchase orders for consolidated grant. Based on  </li> <li>the approved budget narrative we are expected to receive the following: <i>3D printers, Music/Band equipment, interactive whiteboards, storage cabinets, mobile carts, interactive educational robots</i></li> <li>All our schools indicate a major need to outdate technology (5 years old or more) such as laptops and other technology. This needs to replace technology equipment based on data collected from the Fixed Asset Munis Listing "Scheduled Replacement Date" Some laptops can no longer load the latest versions of some software on them. Revitalizing our school's technology resources is crucial because significant testing is currently online or will be switching to online modes in the near future.</li> </ul>

	Grant Haura and Storig 10002
	<ul> <li>Superintendent of Catholic Schools submitted "FFY 2024 Consolidated Grant Authorized Representative Form"-a document to allow FPD and Project Coordinators to communicate with school personnel.</li> </ul>
	<ul> <li>FPD Personnel in charge of OCE's requisitions provided a shared spreadsheet identifying all requisitions entered for OCE.</li> <li>No updates identified on 1/28/2025</li> </ul>
	• No updates identified on 3/10/2025
	• No updates identified on 3/24/2025

### PART II: Successes, Challenges, and Evaluation

### **Component 6.2: Specialized Events & Opportunities**

### **Evidence of Success/Progress**

Per component, list quantifiable evidence using performance measures data, that supports the project's tracking towards success/progress in meeting its annual objectives (e.g., higher number of teachers retained from SY-SY, decrease in dropout rates by X% from SY-SY, % increase in 7<sup>th</sup> grade reading scores on TEST from SY-SY).

- For the 2<sup>nd</sup> Qtr, STEAM participation increased by 9% of last year's total STEAM participation (541 vs. 495). We will continue to promote STEAM activities in our schools.
- ACB participation increased from 66 to 142. This is a 115% increase compared to last year.
- In the 2<sup>nd</sup> Qtr, the OCE's overall participation in specialized events increased by 11.7% of last year's overall participation. The OCE's annual goal of 6% increase in overall student participation (i.e., from 711 overall participants to 794 overall participants) is already exceeded as of the 2<sup>nd</sup> quarter.

For all the other components, the OCE has pending data on the rest of its performance measures. Since the earliest reporting will occur in the 3<sup>rd</sup> fiscal quarter, the list of quantifiable evidence of successes is on hold until the data is available.

<b>Observations and/or Challenges</b> List any major observations and/or challenges encountered that affected the implementation of an activity for the quarter (e.g., issues with data validity, procurement timelines). What strategies are being employed by the project in order to ensure meeting its annual	<ul> <li>FPD Personnel in charge of OCE's requisitions; Mr. E. Aguon, FPD Administrative Officer, provided a shared spreadsheet identifying all requisitions entered for OCE/FDMS. Unfortunately:         <ul> <li>No updates identified on 1/28/2025</li> <li>No updates identified on 3/10/2025</li> <li>No updates identified on 3/24/2025</li> <li>No updates identified on 4/2/2025</li> </ul> </li> <li>It is challenging to find vendors for quotes. Some vendors state nonpayment from previous or existing orders,</li> </ul>
objectives? At the end of the fiscal year, list the reasons why the established goals (and/or project objectives) were not met, if appropriate.	<ul> <li>quotations are at times restricted.</li> <li>Training to interpret and analyze previous <i>Smarter Balanced</i> assessment results is needed.</li> <li><i>Smarter Balanced</i> individual student reports for SY 23-24 were not available for download until early March 2025; this significantly compromised schools' ability to ensure data analysis and lesson planning for teachers to meet students learning need.</li> </ul>
What methods, tools, and processes are used to evaluate outcomes and the quality of implementation?	✓ OCE evaluates outcomes through: (1) administering <i>Smarter Balanced</i> summative testing; (2) administering Advanced Placement testing; and (3) monitoring participation, and (4) distributing surveys to students and teachers.

- YEAR 1: At least 60% of senior students will report increased awareness and confidence in applying to post-secondary education
- YEAR 2: At least 70% of senior students will report increased awareness and confidence in applying to post-secondary education
- YEAR 3: At least 80% of senior students will report increased awareness and confidence in applying to post-secondary education

# **B.** Provide professional development and technology supports for teachers to implement effective classroom instruction to improve student's academic performance in various content areas

### **COMPONENT 2: Increasing Academic Performance**

- YEAR 1: At least 2% increase in students scoring at the "*Proficient/Ready*" and "*Advanced/Exceeding*" level in Math and ELA from baseline
- YEAR 2: At least 4% increase in students scoring at the "Proficient/Ready" and "Advanced/Exceeding" levels in Math and ELA from baseline
- YEAR 3: At least 6% increase in students scoring at the "Proficient/Ready" and "Advanced/Exceeding" levels in Math and ELA from baseline

### **COMPONENT 3: Improving Teacher Effectiveness**

- YEAR 1: At least 70% of teachers participating in Professional Development will report implementing what was learned in the classroom and feeling more confident in their teacher effectiveness.
- YEAR 2: At least 80% of teachers participating in Professional Development will report implementing what was learned in the classroom and feeling more confident in their teacher effectiveness.
- YEAR 3: At least 90% of teachers participating in Professional Development will report implementing what was learned in the classroom and feeling more confident in their teacher effectiveness.

#### **COMPONENT 4: Technology Supports and Integration**

- YEAR 1: At least 80% of participating teachers will report improved access and integration of technology supports in the classroom.
- MODIFIED: YEAR 2: At least 50% of participating teachers will report improved access and integration of technology supports in the classroom.

	Grant Award #: S403A240002					
	he annual target percentage for FY '24 had to be revised from 85% to 50% based on the actual percentage at the end of FY '22, as the latest baseline data the project had available at the time of this FY '24 application submission.)					
<ul> <li>MODIFIED: YEAR 3: Participating teachers will report at least 55% improved access and integration of technology supports in the classroom.</li> <li>(<u>Note</u>: Consequently, the annual target percentage for FY '25 or Year 3 had to be modified from 90% to 55% based on the FY '24 or Year 2 change.)</li> </ul>

supports in the classroom	supports	technology into their classes.	Survey to be conducted during the 3 <sup>rd</sup> quarter	Survey to be conducted during the 3 <sup>rd</sup> quarter		
PART II: Successes, Challe	nges, and Evaluation					
<b>Evidence of Success/Progress</b> Per component, list quantifiable evidence using performance measures data, that supports the project's tracking towards success/progress in meeting its annual objectives (e.g., higher number of teachers retained from SY-SY, decrease in dropout rates by X% from SY-SY, % increase in 7 <sup>th</sup> grade reading scores on TEST from SY- SY).	The majority of our activities are underw events have been completed. Surveys and				Academic	✓ Special
Observations and/or Challenges List any major observations and/or challenges encountered that affected the implementation of an activity for the quarter (e.g., issues with data validity, procurement timelines). What strategies are being employed by the project in order to ensure meeting its annual objectives? At the end of the fiscal year, list the reasons why the established goals (and/or project objectives) were not met, if appropriate.	We are monitoring ongoing activities, rec continue to meet with the representatives the event. However, the event was schedu event in the Fall.	of the College Fair com	mittee and discussed	l ways to improve t	he overall	impact of

What methods, tools, and processes are used to evaluate outcomes and *the quality of implementation?* 

Currently, the most common tools are the observations of the administration and the peer observations of our teachers. They have a chance to observe each other and discuss what they saw and incorporate ideas for improvement. In terms of the College Fair, we are discussing ideas with the other counselors from other school in order to plan an effective event.

## **QUARTERLY REPORT CERTIFICATION**

PROJECT TITLE: St. John's School

To the best of my knowledge and belief, as the authorized representative of this entity, all data in this Quarterly Performance Report are true and correct.

The Quarterly Performance Report fully discloses all known weaknesses concerning the accuracy, reliability and completeness of the data.

# PART II: Successes, Challenges, and Evaluation

**Evidence of Success/Progress** 

*Per component, list quantifiable evidence* 

using performance measures data, that supports the project's tracking towards

success/progress in meeting its annual

objectives (e.g., higher number of

teachers retained from SY-SY, decrease in dropout rates by X% from SY-SY, %

increase in 7<sup>th</sup> grade reading scores on TEST from SY-SY).

## Successes/Progress:

- With the 1<sup>st</sup> quarter count of 67 students who expressed interest and made efforts to join one or more academic special events (ASE) for FY '24, this shows a 20% increase from the previous year's count of 56. To see if this might be an indication of a build-up of interest among HCA students towards getting involved in academic competitions and not just a result of increase in student enrollment, the rates of initial interest are compared between this year's and the previous year's.
- Thus, with the total count of students enrolled in the 4<sup>th</sup>-12<sup>th</sup> grades during the two school years, following are the rates of initial interest: for SY 23-24 (<u>56/625</u>) and SY 24-25 (<u>67/636</u>), the rates are 8.96% and 10.53%, respectively. Based on this, it would seem that the rate of student interest in joining one or more ASE is trending upwards.
- 12 out of 18 (67%) of our practicing students qualified for chapter competition in the Math Counts.
  Of those 12 that qualified, 3 students, or 25%, finished in the top 4.
  100% of those that competed in the chapter competition, all 12 students, qualified for the state competition.

### Other activity details that support the school's tracking towards progress in meeting its annual objectives this year:

We have now received almost all of the science items that were converted to purchase orders. These items include:

- science lab equipment for use in science classes,
- some remaining computer items for use in digital art classes, and
- plyometric boxes, elliptical, and volleyball standards (volleyball system poles and net) for use in our athletics programs received April 9, 2025.

We were able to send two coaches to the 2025 United Soccer Coaches Convention and our soccer coaches plan to apply what they learned to help the student soccer players think critically and strategize over an extensive set of aspects in the game of soccer, including form, offensive and defensive strategies, how to drill/practice, and recording and analyzing the effectiveness of what is applied.

For the 2025 American Choral Directors Association National Convention, our music faculty are able to apply new instruction

 $\checkmark$ 

Grant Award #: S403A240002
methods, applying kinesthetics and physical movement to aid music students in tone production. One key area covered in this professional development was around the issue of vocal health, and other teachers can greatly benefit from this as they need to use their voice frequently throughout the day in classroom instruction.
As reported in travel reports for our two travelers to the 2025 Council for Exceptional Children (CEC) Convention & Expo, they made some valuable connections for resources/learning materials to benefit students, and our travelers also connected with professionals in different areas of the educational field.
<b>Evaluation:</b> No survey data was collected during this second quarter, but with practices underway and competitions in progress for the Academic Special Events (ASE), we had great success, with several students participating in chapter and state competitions on Guam for Math Counts.
Also, for the conferences for professional development of our athletics coaches, music teachers, and special teachers (teachers of special needs / gifted students) that happened this second quarter, they brought back knowledge, skills, and strategies to apply in our athletics and musical arts programs as well as for our gifted students and students with special needs.
$\checkmark$
<b>Challenges:</b> The main challenge this quarter is the continued efforts on the requisition and receiving of several items as we follow up with vendors and with GDOE.
<b>Observations:</b> Although these are challenges, we count it a success that the items we want to continue pursuing were added to this FFY24 (CG YEAR 2) budget narrative. This was made possible with the grant oversight taking into consideration the challenge that many requisitions can take more than a year from initial request to delivery.
Special note on professional development: One of the most beneficial activities to our school was the travel for professional development. As we continue to send travelers to professional development events and they come back and share with fellow staff what they have learned, we see more and more how valuable this is in helping guide and shape the quality of education at our school.

	We continue documenting communications with the GDOE in order to develop a picture of the procurement timeline. $\checkmark$
	We are tracking the status of the procurement process per activity in our school's internal records to help ensure we follow through with the items we initially identified in our budget narrative.
What wathods tools and processes	We are only in the second quarter, but in the third quarter, the following will be key to evaluating the outcomes and quality of implementation:
What methods, tools, and processes are used to evaluate outcomes and the quality of implementation?	• Internal records of data sources (staff and student counts per category, survey instruments, survey results) used in these quarterly reports.
	• Surveys conducted among participants to CG-sponsored Professional Development training or a coaching clinic to be informed on whether the research-proven teaching strategies gained are applied in the classroom or if things learned at a coaching clinic effectively improves coaching and enhances athletes' performance and teamwork.
	• Surveys conducted among student participants in CG project activities to help the school in evaluating the impact of these undertakings on student learning and engagement.

## **QUARTERLY REPORT CERTIFICATION**

## PROJECT TITLE: Project #9: HARVEST CHRISTIAN ACADEMY (HCA)

- To the best of my knowledge and belief, as the authorized representative of this entity, all data in this Quarterly Performance Report are true and correct.
- □ The Quarterly Performance Report fully discloses all known weaknesses concerning the accuracy, reliability and completeness of the data.

**10.2 Special Events & Opportunities** 

- Academic Special Events
- Visual Performing Arts (VPA)

## Academic Special Events:

**10.2 Special Events & Opportunities** 

- Middle School ACB, there are seven (7) students interested.
- High School ACB, there are four (4) students interested.

Word was received from the GDOE that the possibility of a one (1) day event was being explored. The final schedule came out on the week of March 13 with competitions starting the following week. The coach was not able to participate with the students this season because unexpectedly she was taken to the hospital with a medical condition.

## Visual Performing Arts (VPA):

- The *GAA Christmas Concert* was held on December 5, 2024 with the participation of seventyfive (75) students. Parents and community attended having a marvelous time enjoying together.
- The *Tumon Bay Music Festival* (competition) held from February 26 to March 8, 2025. Eleven (11) students participated.
- Students are preparing for the *Spring Concerts* and it is estimated that seventy-five (75) students will participate.

### STEAM:

• UOG Chemistry Titration Competition. UOG did not release the date yet. They are in the planning stage.

### **10.3 Career Oriented Programs and Assessment**

### **College Exploration and Readiness Opportunities:**

The GAA looks forward to having its high school students in 10<sup>th</sup> and 11<sup>th</sup> grade participate in the FY '24 College Fair, which is scheduled to take place in the 2<sup>nd</sup> quarter on April 22, 2025 at the UOG.

### PART II: Successes, Challenges, and Evaluation

#### **Evidence of Success/Progress**

Per component, list quantifiable evidence using performance measures data, that supports the project's tracking towards success/progress in meeting its annual objectives (e.g., higher number of teachers retained from SY-SY, decrease in dropout rates by X% from SY-SY, % increase in 7 <sup>th</sup> grade reading scores on TEST from SY-SY).	Since the GAA has pending data on all of its performance measures for this period, the earliest reporting of which will occur in the 3 <sup>rd</sup> fiscal quarter, the list of quantifiable evidence to its successes is on hold until the data are presented.	
<b>Observations and/or Challenges</b> List any major observations and/or challenges		/

encountered that affected the implementation of an activity for the quarter (e.g., issues with data validity, procurement timelines). What strategies are being employed by the project in order to ensure meeting its annual objectives?

At the end of the fiscal year, list the reasons why the established goals (and/or project objectives) were not met, if appropriate. A new full-time Principal was hired this school year. He will oversee the implementation of some activities in the grant.

Methods used for project monitoring include surveys, student participant rosters or attendance in activities, and/or sign-in

the quality of implementation?

Component 2. STEAM classes or activities. Through participation in STEAM classes and/or activities, students
will indicate greater engagement in learning and an interest in pursuing a STEAM related career or post-
secondary degree.
YEAR 1: At least 20% of participating students in STEAM classes and/or activities will indicate greater engagement in
learning and an interest in pursuing a STEAM related career or college degree.
YEAR 2: At least 25% of participating students in STEAM classes and/or activities will indicate greater engagement in
learning and an interest in pursuing a STEAM related career or college degree.
YEAR 3: At least 30% of participating students in STEAM classes and/or activities will indicate greater engagement in
learning and an interest in pursuing a STEAM related career or college degree.
Component 3. VPA Activities. Through participation in VPA activities, students will indicate greater engagement
in learning and confidence in handling academic work.
YEAR 1: At least 20% of participating students in VPA activities will indicate greater engagement in learning and
confidence in handling academic work.
YEAR 2: At least 25% of participating students in VPA activities will indicate greater engagement in learning and
confidence in handling academic work.
YEAR 3: At least 30% of participating students in VPA activities will indicate greater engagement in learning and
confidence in handling academic work.
Component 4. Professional Development (PD). By participating in PD training on effective teaching strategies,
teachers will report an improvement in their skills to plan and implement technology-rich lessons and improve
student performance.
YEAR 1: At least 50% of teachers participating in PD training will report implementing the teaching strategies learned in
the classroom and indicate an improvement in their planning and instructional skills.
YEAR 2: At least 55% of teachers participating in PD training will report implementing the teaching strategies learned in
the classroom and indicate an improvement in their planning and instructional skills.
YEAR 3: At least 60% of teachers participating in PD training will report implementing the teaching strategies learned in
the classroom and indicate an improvement in their planning and instructional skills.

WORK ACCOMPLISHED & PRIMARY DATA GENERATED

<ul> <li>In this column, list all the Project Components.</li> <li><u>In bullet form</u>, list all the specific activities falling under each Component.</li> <li><i>Insert Additional rows as needed</i>.</li> </ul>	<ul> <li>For each activity listed in the previous column, state the status of each activity (ongoing, delayed, or completed), and describe the details of the work accomplished during the period. Specify the what, when, where, how, how many participants (a primary data or 'count'), etc. Primary data may be presented in narrative form, or as a table or graph.</li> <li>If there was an activity that was not implemented during this reporting period, then simply indicate "REPORTING ON THIS ACTIVITY NOT APPLICABLE FOR THIS QUARTER". Include the reason why the activity was not conducted for the quarter.</li> </ul>
Component 1. After-School Tutoring	Component 1. After-School Tutoring: Ongoing As a replacement to the Summative Assessment activity in Year 1 (FY '23), which was removed since the PICA decided to do summative testing using a funding source other than the Consolidated Grant (CG), an after-school tutoring activity was put in place. The After-School activity consists of instruction in reading, math, and creative writing as well as fine arts activities such as piano, art, and basic dance. Students are given reading and writing activities based on their individual level in each subject. Math tutoring consists of learning and mastering basic operations and higher math concepts as needed by the individual student. On specific days of the week the (Mondays: Art), (Tuesdays: Dance) Fine arts activities are held. Students taking piano lessons practice and receive ongoing instruction every day during the after-school time. Since the 1 <sup>st</sup> quarter up to the present, the school has been working on finalizing a Standard Service Agreement (SSA) for this activity with the assistance of the Federal Programs Division (FPD). The PICA aims to utilize two (2) school staff to provide after- school tutoring instruction to students who need supplemental help in math and/or reading, guided practice for those taking piano lessons, and supplemental instruction in art and dance.
	This activity has been operating for the entire school year without compensation to the teachers. $\checkmark$
Component 2. STEAM Classes or Activities	<ul> <li>Component 2. STEAM: Ongoing</li> <li>Regular STEAM classes are ongoing. Students use laptops and iPads to do research and write essays. They also use them for interactive games, which enhances the use of technology in the classroom.</li> <li>Student participants in STEAM courses/activities for SY 24-25: <ul> <li>o 12 Elementary students</li> <li>o 2 Middle School students</li> <li>o 9 High School students are participating in STEAM activities</li> </ul> </li> <li>Reporting on Drone kits and STEM kits that have been requisitioned is still not applicable for this 2<sup>nd</sup> quarter because the kits have not been provided. The school continues to await the STEAM kits that were ordered from the CG. Training on the use of an</li> </ul>

	Grant Award #: \$403A240002
	<ul> <li>aquaponics kit received by the school earlier will be conducted during the Summer of 2024 under the Life Readiness (LR) project.</li> <li>During the 1<sup>st</sup> quarter, students participated in planting seeds for the garden; however, the anticipated aquaponics system was not</li> </ul>
	provided for students to complete their garden project. Waiting for the aquaponics system continues on in the $2^{nd}$ quarter.
Component 3. VPA Activities	Component 3. VPA Activities: Ongoing
	• The piano for this activity was delivered the last week of SY 23-24. Students were able to have their final lesson using the piano. This was not enough time for a complete understanding of the instrument and implementation in the classroom. Full usage for the purposes of piano lessons and music theory will be implemented in SY 24-25.
	• Student participants in VPA activities for SY 24-25: o 12 Elementary students
	o 2 Middle school students o 9 High school students
	• Some requested supplemental materials received by the PICA include: a <i>piano</i> for use in choir, piano, and music classes (last week of FY '23), and <i>drawing boards, drawing paper</i> , and <i>pencils</i> (FY '24 1 <sup>st</sup> quarter).
	Pending additional materials, which are still being requisitioned and/or are awaiting delivery, include the following instructional items: <i>easels</i> and <i>colored pencils</i> , as well as <i>laptops</i> specifically for instruction in graphic design.
Component 4. Professional Development (PD)	Component 4. Professional Development (PD) Training: Ongoing
	• Since FY '23, PICA has requested for professional development training on <i>Classroom Instruction that Works (CITW)</i> for two (2) teachers.
	• Up to the present, PICA is awaiting the invite and other information on the CITW training from the Curriculum-Instruction- Assessment (CIA) project. Unfortunately, this training is not included in the list of CIA sponsored training for the FY '24 grant year.

	Grant Award #: S403A240002
	project, the CITW training is not part of their FY '24 list of PD training.
PART II: Successes, Challen Evidence of Success/Progress Per component, list quantifiable evidence using performance measures data, that supports the project's tracking towards success/progress in meeting its annual objectives (e.g., higher number of teachers retained from SY-SY, decrease in dropout rates by X% from SY-SY, % increase in 7 <sup>th</sup> grade reading scores on TEST from SY-SY).	Since the PICA has pending data on all of its performance measures for this 2 <sup>nd</sup> quarter period, the earliest reporting of which will occur in the 3 <sup>rd</sup> fiscal quarter, the list of quantifiable evidence to its successes is on hold until the data are presented.
Observations and/or Challenges List any major observations and/or challenges encountered that affected the implementation of an activity for the quarter (e.g., issues with data validity, procurement timelines). What strategies are being employed by the project in order to ensure meeting its annual objectives? At the end of the fiscal year, list the reasons why the established goals (and/or project objectives) were not met, if appropriate.	<ul> <li>Component 1: After-School Tutoring – The activity has been operating on a limited basis as the standard service agreement (SSA) has not been made between the school and the GDOE.</li> <li>Component 2: STEAM Classes or Activities – As in the 1<sup>st</sup> quarter, participation in this activity was not completed as anticipated this 2<sup>nd</sup> quarter because the equipment (aquaponics steam kit) was still not received at this time.</li> <li>Component 3: VPA Activities – With the ongoing delay in delivery of art supplies, students have continued participating in this activity only in a rudimentary manner since the previous quarter.</li> <li>Component 4: Professional Development – This activity was not available to teachers during this quarter. CITW, the only training requested by the PICA, is not part of the list of CIA-sponsored training for FY '24.</li> </ul>

What methods, tools, and processes are used to evaluate outcomes and the quality of implementation?

List of Students and Teachers involved in various CG activities, Student and Teacher Surveys (for the 3<sup>rd</sup> quarter).

	Grant Award #: \$403A240002
	Since a new school year will start in April 2025 for the JSOG, a set of preliminary ' <i>pre-use</i> ' fitness measurements for the school's new set of students will be taken in April 2025, and then ' <i>post-use</i> ' fitness measurements will again be taken in September 2025 (last month of FY '24), after about five months of access and use of the portable physical facility.
12.2 Student Learning Engagement Survey on student learning engagement	<ul> <li>Survey on student learning engagement: Ongoing         This student engagement survey aims to determine how the promotion of increased physical activity among students impacts their learning engagement; whether or not it helps stimulate their minds and helps them to be more receptive to academic learning and confident in handling academic work.         A baseline student engagement survey was administered in June 2024 ('pre-use') to determine the portion of students who consider themselves currently engaged in learning, even without the caupiment being installed yet. Survey results showed that among students who engaged in physical activity (playing during recess, or participating in school sports, or attending a PE class), 77% consider themselves to be engaged in learning, and 91% feel confident in handling academic work.     </li> <li>A 'post-use' student engagement survey which would have been conducted during the last month of the Japanese school's academic year (April 2024 – March 2025), in March 2025 (FY '24 2<sup>nd</sup> fiscal quarter), to determine if utilization of the playground equipment helped enhance student ability to focus and learn did not happen, since this batch of students were not able to have access and use of the physical facility.     </li> <li>Since the JSOG begins a new school year in April 2025, the FY '24 student engagement survey will take place in September 2025 to allow time for the new batch of students to utilize the playground facility.</li> </ul>

# FEV 2024 CONSOLIDATED GRANT

### PART II: Successes, Challenges, and Evaluation

#### **Evidence of Success/Progress**

Per component, list quantifiable evidence using performance measures data, that supports the project's tracking towards success/progress in meeting its annual objectives (e.g., higher number of teachers retained from SY-SY, decrease in dropout rates by X% from SY-SY, % increase in 7<sup>th</sup> grade reading scores on TEST from SY-SY).

Installation of the portable physical fitness equipment was completed in January 2025. However, due to the ground still needing maintenance, the previous batch of students were not able to access and use the installed playground equipment, prior to the school's close in March 2025.

With a new batch of students for the JSOG's new school year in April 2025, the 'pre-use' fitness test will be administered again prior to the students' use of the playground facility, and then 'post-use' fitness test in September 2025 (last month of FY '24).

A student engagement survey conducted in-September 2025 is anticipated to yield 'starting data' attesting to greater student engagement and confidence in handling academic work.

Observations and/or Challenges List any major observations and/or challenges encountered that affected the implementation of an activity for the quarter (e.g., issues with data validity, procurement timelines). What strategies are being employed by the project in order to ensure meeting its annual objectives? At the end of the fiscal year, list the reasons why the established goals (and/or project objectives) were not met, if appropriate.	There was significant delay in the delivery and installation of the supplemental portable playground equipment. Instead of the anticipated schedule of students beginning to utilize the equipment in January 2024 ( <i>based on the JSOG's approved FY '23 CG application</i> ), item delivery took place in November 2024, and installation was completed in January 2025. During the installation of the new playground equipment, the process caused significant damage to the surrounding ground surface, resulting in broken and uneven floor tiles. As a result, the area has been deemed unsafe for student use. Repair work is currently underway and is expected to be completed by the end of June 2025.
What methods, tools, and processes	Survey administration was used to determine the portion of students who consider themselves currently engaged in learning, prior to the installation of the playground equipment.
are used to evaluate outcomes and	Prior to the portable fitness equipment installation being completed, a <i>'pre-use'</i> Fitness Test was conducted by the school for all its students in the previous school year. The <i>'post-use'</i> fitness test never took place for this set of students due to delay in the access and use of the physical facility, as the ground in which it was installed was deemed unsafe for students because of broken floor tiles.
the quality of implementation?	With a new school year starting for the JSOG in April 2025, the same <i>'pre-use'</i> fitness test will be conducted for the new batch of students. Then a <i>'post-use'</i> Fitness Test to determine impact of usage of the equipment to student physical fitness will again be conducted in-September 2025 (last month of FY '24).

LIST THE PROJECT OBJECTIVES:	<ul> <li>Annual Objectives:</li> <li>This project provides oversight of the entire Consolidated Grant (CG) program and provides administrative, evaluation, financial, and training supports. Thus, the satisfaction of stakeholders with the services provided are appropriate goals and objectives. The objectives will assess progress towards meeting the overall goals. Annual goals are listed below for each goal:</li> <li>Administration/Supervision/Technical Assistance/Workshops</li> <li>13.1.1. LEAs (public, charter, PNP) will report satisfaction with process handling and implementation of grant requirements, administration, supervision, monitoring, consultation, and technical assistance provided by the SEA.         <ul> <li>Year 1 @ 90%</li> <li>Year 2 @ MODIFIED 88% (<i>Note: The annual target percentage for FY '24 or Year 2 was adjusted (from 91% to 88%) based on the actual percentage at the end of FY '22 (84%), which was the latest updated baseline data available at the time of this FY '24 application submission.)</i></li> <li>Year 3 @ MODIFIED 90% (<i>Note: The annual target percentage for FY '24 or Year 3 was adjusted (from 93% to 90%) based on the actual percentage at the end of FY '22 (84%), which was the latest updated baseline data available at the time of this FY '24 application submission.)</i></li> <li>Year 3 @ MODIFIED 90% (<i>Note: The annual target percentage for FY '24 or Year 3 was adjusted (from 93% to 90%) based on the actual percentage at the end of FY '22 (84%), which was the latest updated baseline data available at the time of this FY '24 application submission.)</i></li> <li>13.1.2. GODF stakeholders will report (a) effective, timely, and relevant information received, (b) improved knowledge of pertinent grant information, programs, and requirements, and (c) receiving high quality support, guidance, consultation and technical assistance during workshops.</li> <li>Year 1 @ 91%</li> <li>Year 2 @ 02%</li> </ul></li></ul>

## PART I: Section 1. Activities & Work Accomplished

171K1 1. Section 1. Mentales & Work Mecomplished						
COMPONENT & ACTIVITIES (including travel)	WORK ACCOMPLISHED & PRIMARY DATA GENERATED					
<ul> <li>In this column, list all the Project Components.</li> <li><u>In bullet form</u>, list all the specific activities falling under each Component.</li> <li><i>Insert Additional rows as needed.</i></li> </ul>	<ul> <li>For each activity listed in the previous column, state the status of each activity (<i>ongoing, delayed, or completed</i>), and describe the details of the work accomplished during the period. Specify the <i>what, when, where, how, how many participants (a primary data or 'count'</i>), etc. Primary data may be presented in narrative form, or as a table or graph.</li> <li>If there was an activity that was not implemented during this reporting period, then simply indicate "REPORTING ON THIS ACTIVITY NOT APPLICABLE FOR THIS QUARTER". Include the reason why the activity was not conducted for the quarter.</li> </ul>					
13.1 Administration/ Supervision/ Technical Assistance Workshops	<ul> <li>The FPD team continues to conduct check-in meetings and onsite monitoring to ensure that federally funded activities comply with all relevant regulations and consistently meet performance standards. This oversight helps maintain accountability and alignment with Federal requirements. The FFY 2024 2<sup>nd</sup> Quarter check-in meeting was conducted on March 5, 2025 to discuss the FFY 2025 Consolidated Grant (CG) Application with the Stakeholder Feedback and Consultative Workshop on February 19 -20, 2025, renewals of contracts, and upcoming travel activities (see row below for more details).</li> <li>Monthly professional development (PD) sessions are conducted amongst State Administration personnel. This includes sharing knowledge gained at off-island conferences to ensure the team remains aligned with the latest standards and creates a culture of continuous learning. The following PD sessions occurred during the 2<sup>nd</sup> Quarter: <ul> <li><i>January 2025:</i> Federal Guidance Regulations</li> <li><i>February 2025:</i> GDOE High Risk Designation from the U.S. Department of Education: What are Our Roles? How to Move Forward?</li> <li><i>March 2025:</i> Data Collection and Use</li> <li><i>March 2025:</i> National Grants Management Association – Travel Presentation</li> </ul> </li> <li>During the 2<sup>nd</sup> quarter, State Administration personnel received access to the Udemy Business online learning platform. This platform offers a wide range of self-paced courses across topics such as project management, data analysis, communication, compliance, and leadership. Staff are encouraged to use this resource to strengthen job-specific skills, explore new areas of professional growth, and support ongoing efforts to build internal capacity. The flexibility of ondemand learning allows employees to tailor their development to current responsibilities and future goals.</li> </ul>					

	Grant Award #: S403A240002
13.2 Grant Meetings/ Workshops/	Fixed Assets Management System:
<b>Grants Management Certification</b>	Guam Paks and our team continue to meet bi-monthly to review progress and challenges with the Fixed Assets
and Training	Management System (FAMS) pilot. Key discussions include refining user roles, verifying system changes,
	enhancing data integrity, and establishing a test environment for training. GDOE's annual fixed assets inventory
	is underway, with 47,655 of 84,711 assets validated and 33 locations remaining. The process has been largely
	digitized, reducing paperwork through new scanners and tablets. Guam Paks has improved its school-facing
	website, introduced workflow updates, and proposed a dashboard for tracking asset trends. Discussions on the
	third contract renewal have begun, as it will involve the highest costs due to increased equipment distribution
	and on-site support. An updated project timeline is being requested, and cost-sharing considerations are essential
	for grant and budget planning.
	Pacific Research and Evaluation, LLC (External Evaluator):
	Scheduling issues that previously affected regular meetings with the PRE have been resolved with a minor time
	adjustment. Project leads are reviewing their applications with the PRE to identify activities ready for
	implementation and those that will not be completed by the end of the school year. Due to scheduling conflicts,
	the PRE will conduct its visit virtually. In April, the PRE plans to collect data through focus groups, surveys, and
	assessments to evaluate project outcomes. Communication challenges with LR are being addressed, and the PRE
	has questioned the need for logic models, which will be discussed further in the next meeting. The final models
	are expected to be completed before the Consolidated Grant submission.
	• McREL (External Evaluator):
	Project leads are working with McRel to review which activities in their applications will be ready for
	implementation and which will not be completed by the end of the school year, which is essential for data
	evaluation. McRel's on-site visit (2/17-21/2025), led by Haley and Susanne, was successful, with observations of
	various projects, including parent group activities and focus groups with teachers and school principals. McRel
	also visited Project Tiningo and Project CSI. Due to the cancellation of contracts by the Department of
	Education, McRel's evaluation team has been reduced to two members, Mark and Haley, who are confident in
	completing their work on schedule. McRel has consistently submitted logic models as part of their contract, and
	there are no plans to revise them unless significant changes occur.
	• Tyler Munis Timekeeper:
	The team is finalizing cost-sharing for federally funded employees and awaiting an updated quote. Procurement
	is moving forward via subscription, with a core team overseeing implementation. The purchase order was sent to
	Tyler Munis, and an implementation manager will be assigned soon. The project timeline includes a six-week
	development phase starting in March 2025, training from May to August, and a pilot program before full
	implementation in October 2025. Transitioning from Kronos to Tyler Munis will improve payroll integration.
EEV 2024 Constitution of the Life Electron	The team will meet with Tyler to finalize requirements, training expected in July and August prior to rollout.
FFY 2024 Specific Conditions Letter, US-Ed Grai	nts Risk Management Services (Letter dated: June 24, 2024) Page 4 of 10

#### • Effective Leadership and Communication:

A list of past participants and their attended sessions will be provided to assist in scheduling remaining workshops before the current contract expires in 2025. As the contract cannot be renewed, alternative options are being explored for continuing professional development. A survey will be developed to gather feedback on future training needs, which will inform decisions regarding the procurement of professional development services.

• The FPD team continues to assist in non-CG projects (*Comprehensive Literacy State Development Grant* (*CLSD*), *Federal Emergency Management Agency (FEMA)* – Typhoon Mawar related damages, and ED*Facts* data submissions. The ongoing efforts ensure that these initiatives receive the necessary guidance and resources for success. Time Distribution Reports are continuously generated for these projects for time keeping.

#### • Travel Activities:

Insular Areas and Palau Technical Assistance Meeting: March 11-13, 2025 | Washington, D.C. Conference was postponed.

<u>National Grants Management Association Conference</u>: March 12-17, 2025 | Washington, D.C. Three (3) staff attended both the Annual Grants Training (AGT) and the Grants Management Book of Knowledge (GMBoK) Training. The AGT is an extensive program that covers the full spectrum of grant management, focusing on areas such as compliance with federal and state regulations, financial oversight, reporting, and performance monitoring. It provides hands-on workshops, case studies, and real-world examples to address challenges faced by grant administrators and to improve their skills in navigating the grants lifecycle from application through closeout. The GMBoK training, on the other hand, offers a comprehensive, competency-based framework that outlines key areas such as program design, financial management, and risk assessment, ensuring that participants have the expertise to handle complex grants administration tasks while maintaining accountability and sustainability. Both programs emphasize best practices, strategic oversight, and the practical application of knowledge to improve grant outcomes and project effectiveness.

#### TESOL International Convention & Expo: March 18-21, 2025 | Long Beach, California

Three (3) staff attended the Teaching English to Speakers of Other Languages (TESOL) International Convention & Expo. The TESOL convention is an annual event that brings together educators, researchers, and professionals from around the world who are involved in the teaching of English to non-native speakers. It provides a platform for sharing the latest research, teaching methodologies, and innovations in the field of English Language Teaching (ELT). Attendees participate in workshops, seminars, and networking opportunities to enhance their skills, collaborate with peers, and stay informed on emerging trends and best practices

Grant Award #: S403A240002
• Appropriate staff attended and will continue to attend the <i>Management Concepts</i> training online. This training provides a foundational understanding of the federal regulations governing grant administration, ensuring new personnel are equipped to manage grants effectively. Training covers the entire grant lifecycle, from pre-award to post-award and closeout. This helps staff grasp the key stages of grants management and the specific regulatory requirements at each phase.
<ul> <li>During the 2<sup>nd</sup> Quarter, multiple feedback sessions with schools allowed for ample time for feedback, discussion and finalization of inputs. Focus group sessions with principals and leadership teams were as follows:</li> <li>January 14: Charter Schools</li> <li>January 16: Private Non-Public Schools</li> <li>January 21: GDOE Elementary Schools (<i>Haya/Kattan</i> Groups)</li> <li>January 22: GDOE Elementary Schools (<i>Lagu/Luchan</i> Groups)</li> <li>January 23: GDOE Middle Schools</li> <li>January 24: GDOE High Schools</li> </ul>
• The FFY 2025 Feedback Workshop was on February 19 (GDOE Elementary Schools) and February 20 (GDOE Secondary, GDOE High, Charter and PNP Schools). At the request of the school representatives, office-hours were open to schools from February 24-28, 2025 to further discuss their feedback and the project responses, if necessary.
• A <i>Project Progress Report</i> was curated to track all feedback collected during the focus group sessions, workshops and through any email correspondence. Each project and SPO were tasked with gathering and responding to each piece of feedback received and the FPD disseminated the most updated report to the schools.

### PART II: Successes, Challenges, and Evaluation

The *Stakeholder Survey* was administered by the Federal Programs Division (FPD) during the FFY 2025 Consolidated Grant Stakeholders Input and Consultative Workshop. This event was attended by all LEAs (public, charter, and PNP).

Following are some of the results, which show positive tracking by the State Administration/Federal Programs Division towards meeting its FY '24 annual objectives:

#### **Evidence of Success/Progress**

Per component, list quantifiable evidence using performance measures data, that supports the project's tracking towards success/progress in meeting its annual objectives (e.g., higher number of teachers retained from SY-SY, decrease in dropout rates by X% from SY-SY, % increase in 7<sup>th</sup> grade reading scores on TEST from SY-SY).

- ✓ 88% (meets the annual target) of stakeholders indicated satisfaction with process handling and implementation of grant requirements, administration, supervision, monitoring, consultation, and technical assistance provided by the SEA.
- ✓ 91% (1% short of the annual target) of stakeholders reported effective, timely, and relevant information received, improved knowledge of grant information, programs, and requirements, and receiving high quality support, guidance, consultation and technical assistance during workshops.

Also administered by the FPD in the 2<sup>nd</sup> Quarter were two more surveys: a *Project Personnel Survey* completed by all Consolidated Grant (CG) project staff/LEA; and a *State Administration Survey* completed by all Federal Programs/SEA grant personnel, which provided data on the third performance measure:

✓ 83% (5% short of the annual target) of key LEA/SEA grant/ project personnel reflecting better understanding of proper grant management, project design, planning, evaluation, developing and designing services and activities to better serve students and teachers within the district.
